

Resource sheet 1 Main uses of water

1a

1b

DRINKING

COOKING

BRUSHING TEETH

WASHING OURSELVES

WASHING CLOTHES

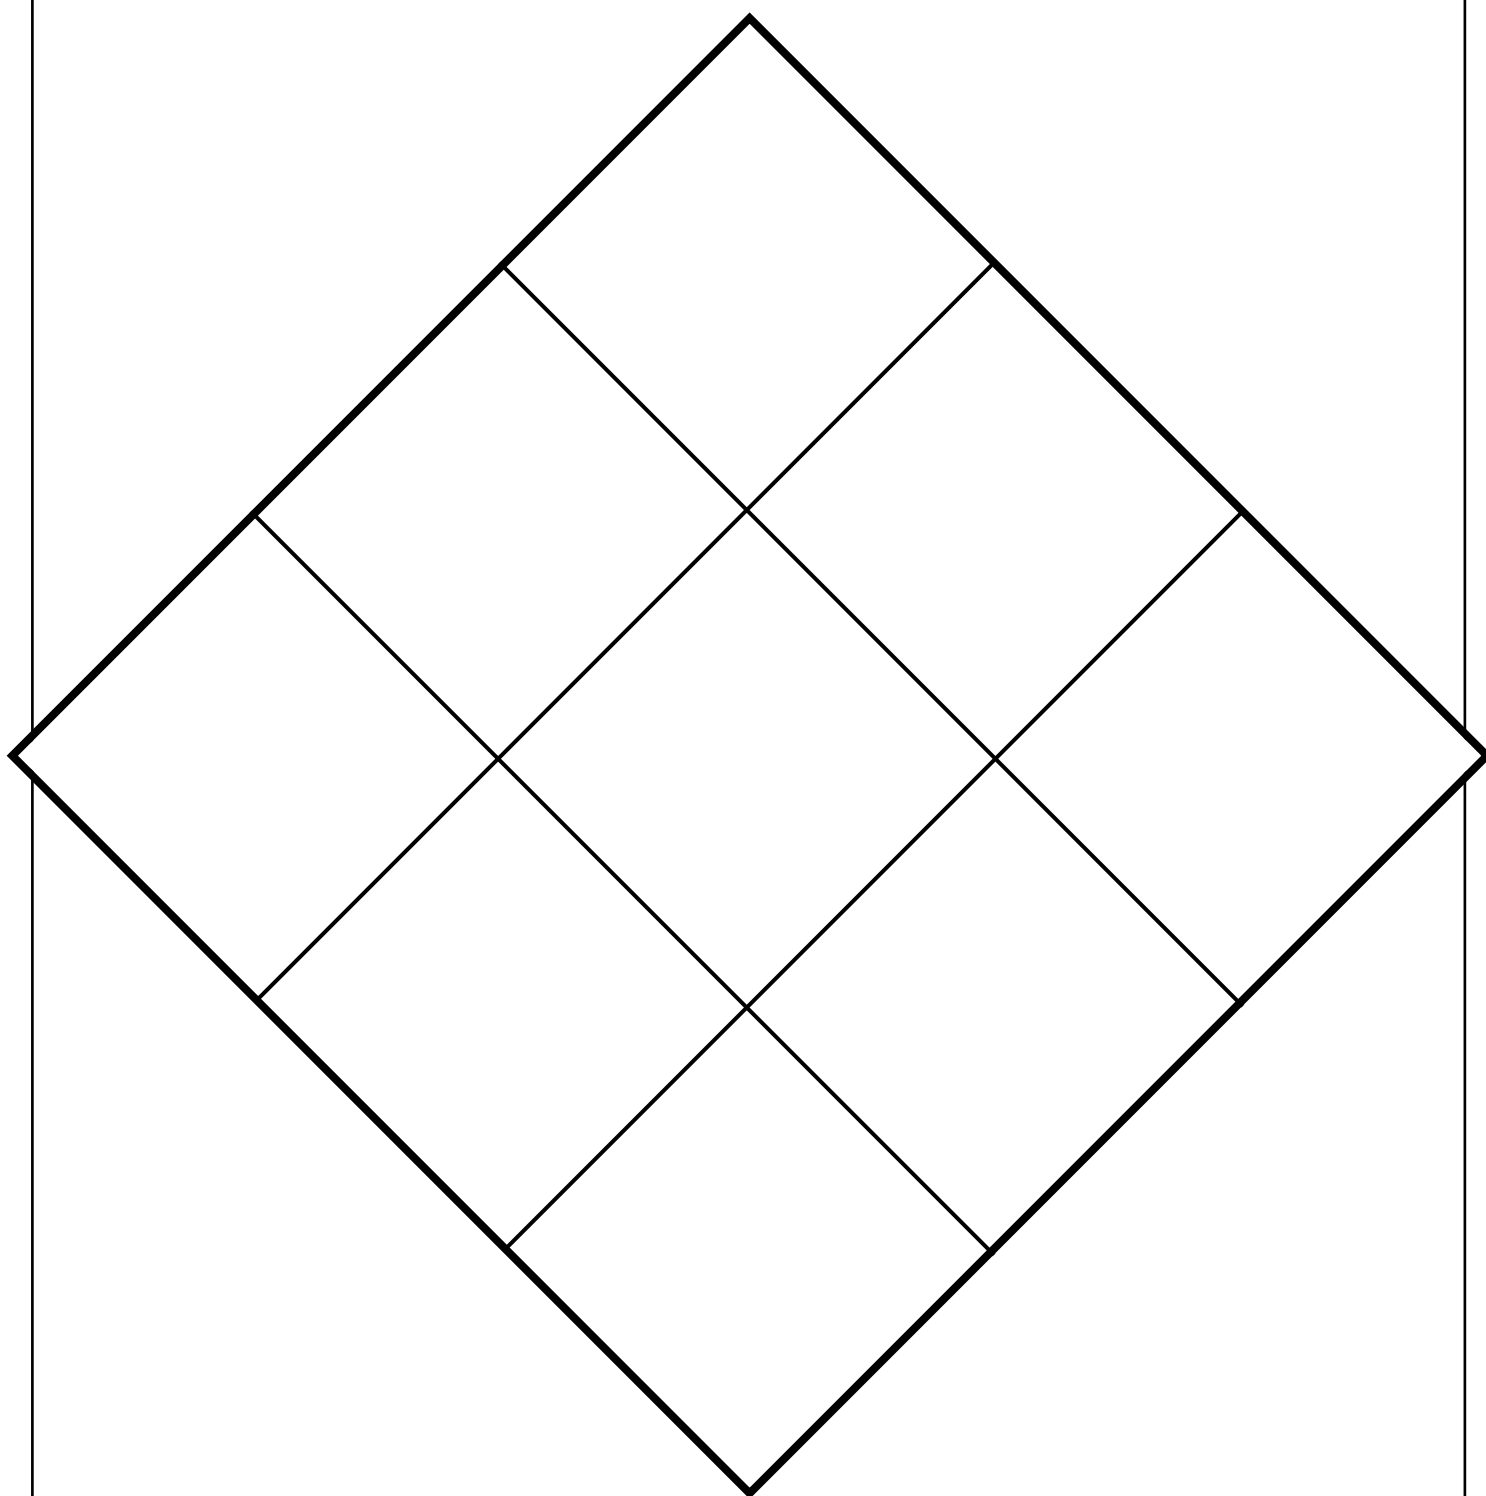

WASHING DISHES

FLUSHING THE TOILET

WASHING THE CAR

WATERING THE GARDEN

Resource sheet 2 Diamond ranking

I've chosen as my first choice because:

Resource sheet 3 Water calculator

Activity	Amount of water used	x	Number of times in 1 day	=	Total water used
Drinking	0.25 litres per glass/cup	x		=	
Cooking	1 litre per pot	x		=	
Brushing teeth (Tap switched off)	0.5 litres	x		=	
Brushing teeth (Tap switched on)	4 litres	x		=	
Washing hands and face	5 litres	x		=	
Shower	20 litres per 5 minutes	x		=	
Bath	70 litres	x		=	
Machine washing clothes	80 litres per wash	x		=	
Hand-washing clothes	25 litres per wash	x		=	
Dishwasher	35 litres per wash	x		=	
Washing dishes in the sink	6 litres per bowl of washing up	x		=	
Flushing the toilet	10 litres per flush	x		=	
Washing the car	10 litres per bucket	x		=	
Watering the garden	150 litres on average	x		=	

Total amount of water used in 1 day

=

Resource sheet 4 Interrogating a photograph

Photo: Christian Aid/Roger Allen.

Masani is fetching water.

Resource sheet 5 What I found out

The main uses of water in the home are:

The most important uses of water are:

The main differences between my use of water and Masani's are:

My view on what I've found out about the differences between me and Masani:
