Dumper Driver – Forward Tipping

Location:

Rate: Competitive – based on experience

Start Date: Immediate

Duration: Ongoing work

Role Overview

We are looking for an experienced **CPCS or NPORS Forward Tipping Dumper Driver** to work on a large-scale groundworks development in Aylesbury. This is a busy, long-term site with consistent work for the right operator.

Key Duties

- Operating a forward tipping **dumper** safely and efficiently.
- Moving and tipping materials around site as directed.
- Assisting groundworkers and labourers when not operating.
- Carrying out daily checks and reporting any defects.
- Following site safety rules and supervisor instructions at all times.

Skills & Experience

- Proven experience operating forward tipping **dumpers** on residential or groundworks projects.
- Good understanding of site safety protocols.
- Willingness to assist with other site tasks when required.

Qualifications Required

- **CPCS Forward Tipping Dumper ticket** – essential.
- CSCS Card – preferred.

Additional Information

- Long-term opportunity for reliable and competent **drivers**.
- Must be able to work well as part of a busy groundworks team.

Dear Hiring Manager,

I am writing to apply for the CPCS Dumper Driver position in Aylesbury, as advertised.

I hold relevant experience as a Dumper Driver/Groundworker and hold a valid NPORS Forward tipping dumper card, where I operated forward tipping dumpers to transport materials safely and efficiently on construction sites. In this role, I worked closely with excavator operators, groundworkers, and site managers to ensure work was completed safely and on schedule. I also carried out daily equipment checks and followed all site health and safety procedures.

In my current role as a Tank Installer/Plumber with Global Water Tanks in London, I continue to work in a demanding construction environment, interpreting technical drawings, installing equipment to specification, and collaborating with different trades to deliver projects efficiently. This has strengthened my attention to detail, reliability, and commitment to safe working practices.

I am a hardworking, dependable individual who enjoys being part of a team and is always willing to assist with general site duties when required. I take pride in maintaining high safety standards and delivering quality work. With my previous dumper driving experience and my commitment to construction work, I believe I would be a valuable addition to your team.

I would welcome the opportunity to discuss my application further and am available to start immediately. Thank you for your time and consideration. I look forward to hearing from you.

Yours faithfully,

Alex Marin Cornea
