

NAME: WILLAN MARCELO ESPIN TAPIA

STUDENT ID: 2411166

MODULE DIGITAL SKILLS:

LCLM4402

LECTURE'S NAME: AMITAVE BANIK

TOPIC BASIC DIGITAL SAFETY

BASIC DIGITAL SAFETY

THE INTERNET IS A HUGE SOURCE OF INFORMATION AND MEANS OF COMMUNICATION. HOWEVER, NOT ALL OF INFORMATION OR PEOPLE ONLINE ARE TRUTHWORTHY

SAFE

Ensure personal information and passwords are kept, do not put any of your contact details online and always check your privacy settings and social networking websites

MEET

Never meet with an online friend in person even if meeting someone from a chat room or social networking website could be dangerous. Online friends are still strangers and may not be who they say they are.

RELIABLE

Not all the information or people online are reliable; there is a lot of false information. Always check that the information is correct and use reputable sources. Also, some people use false information or false identities online to trick people.

TELL

Digital security is a set of practices and measures designed to protect information and information technology systems against incidents, accidents, and any malicious use. It

STAY ANONYMOUS

Use other name or nickname, keep your address a secret. Only give your phone number to people you actually know.

THINK BEFORE YOU POST

Remember nothing is private. Never post invitations unless you are absolutely sure they will only be seen by a closed group.
