GENERAL COMMENTS

Instructor

Nathan, this is a superb presentation. You have produced it at a very high level, with some of the best terminology and language I have ever seen in a Foundation year presentation.

The slides are short and concise, while the presenter notes are clear and very supportive.

Well done.

In terms of the assessment criteria, I believe you fall in the 85-100% bracket, which says the following;

Exceptional evaluation of the underlying concepts and principles based evidence.

Exceptional ability to devise arguments using evidence and make wholly appropriate and valid judgements.

Mark Awarded
