

MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Common Assessment Criteria Applied	Marks Available	Marks Awarded
1. Engagement with Literature Skills		
2. Knowledge and Understanding Skills		
Although a number of js/jquery elements have been utilised, structure/commenting of code is of a fair. However, this is fine, but you should have fully demonstrated your skills in order to gain a better mark in this section	15	7
3. Cognitive and Intellectual Skills		
Again, a fair attempt in you thoughts on a development path, but could have been a little more analytical to the approach made for this website. However, lack of complexity in the js/jquery solution does limit the marks here	15	7
4. Practical Application Skills		
To give credit, a simple website that demonstrates a number of js/jquery techniques. Integration and navigation between pages is fine. Data validation does show a good understanding here, but having a negative age is problematic, but failed validation is presented. If you fully implemented the email checks you would have scored a little higher. With regards to the jquery elements - it is a simple and effective demonstration, but for higher marks, there is some requirements for a more complex jquery implementation. Finally, the js element, again effective in its presentation and works to a good standard and is an adaption from a third party plugin - you should have considered extending the slideshow (a missed opportunity)	70	39
5. Transferable Skills for Life and Professional Practice		

Assignment Mark (Assessment marks are subject to ratification at the Exam Board. These comments and marks are to give feedback on module work and are for guidance only until they are confirmed.)	Late Submission Penalties (tick if appropriate)		53
