

MARKING CRITERIA and STUDENT FEEDBACK

This section details the assessment criteria. The *extent* to which these are demonstrated by you determines your mark. The marks available for each criterion are shown. Lecturers will use the space provided to comment on the achievement of the task(s), including those areas in which you have performed well and areas that would benefit from development/improvement.

Common Assessment Criteria Applied	Marks Available	Marks Awarded
1. Research Informed Literature Extent of research and/or own reading, selection of credible sources, application of appropriate referencing conventions.		
I would suggest in future you spend more time researching the questions and provide in depth answers enabling you to score more highly.	15	6
2. Knowledge and Understanding Skills Extent of knowledge and understanding of concepts and underlying principles associated with the discipline.		
You have excellent knowledge in the practical elements but have been let down by your written work where you have not backed up your understanding.	20	7
3. Cognitive and Intellectual Skills Analysis, evaluation and synthesis; logic, argument and judgement; analytical reflection; organisation of ideas and evidence		
You clearly understand how to setup servers and clients along with the configuration and have presented much of the evidence required to demonstrate this.	20	13
4. Practical Application and Deployment Deployment of methods, materials, tools and techniques; application of concepts; formulation of innovative and creative solutions to solve problems.		
You have performed really well in the installation and configuration of server 2019 and Windows 10 clients. Well done.	40	38
5. Skills for Professional Practice Attributes in professional practice: individual and collaborative working; deployment of appropriate media; presentation and organisation.		
A well presented report but let down by the research section. If you conduct more thorough research in future I am sure you can score very high.	5	3
