KNEELING CHEST PASS AGAINST WALL

DIFFICULTY

1 ● ● ● ● ●

- Kneel down a short distance from a solid wall
- Grip a medicine ball to the rear forming a W with your index fingers and thumbs

- Bend both arms towards your chest then explosively extend both arms to chest pass the ball against the wall

- Repeat for desired number of reps
- Note-you may need to adjust your position to the wall depending on how much force the ball has coming back to you
