1. Knowledge and Understanding of Subject	
Clarity of Technical Description	7 /50
2. Skills for Professional Practice	
Quality of Visual Display	18 /50
TOTAL	25 /100

Comments:

Visually, there are large chunks of empty spaces with sections of the content poorly delineated. The font is so small that you cannot read the text. The content is technically very limited and not really related to the project. Its results have been presented and there are random, meaningless figures.

Signed: M. K. Dacey..... (Supervisor)
