

FILM POSTER DESIGNS IN PHOTOSHOP

Raster (PNG)

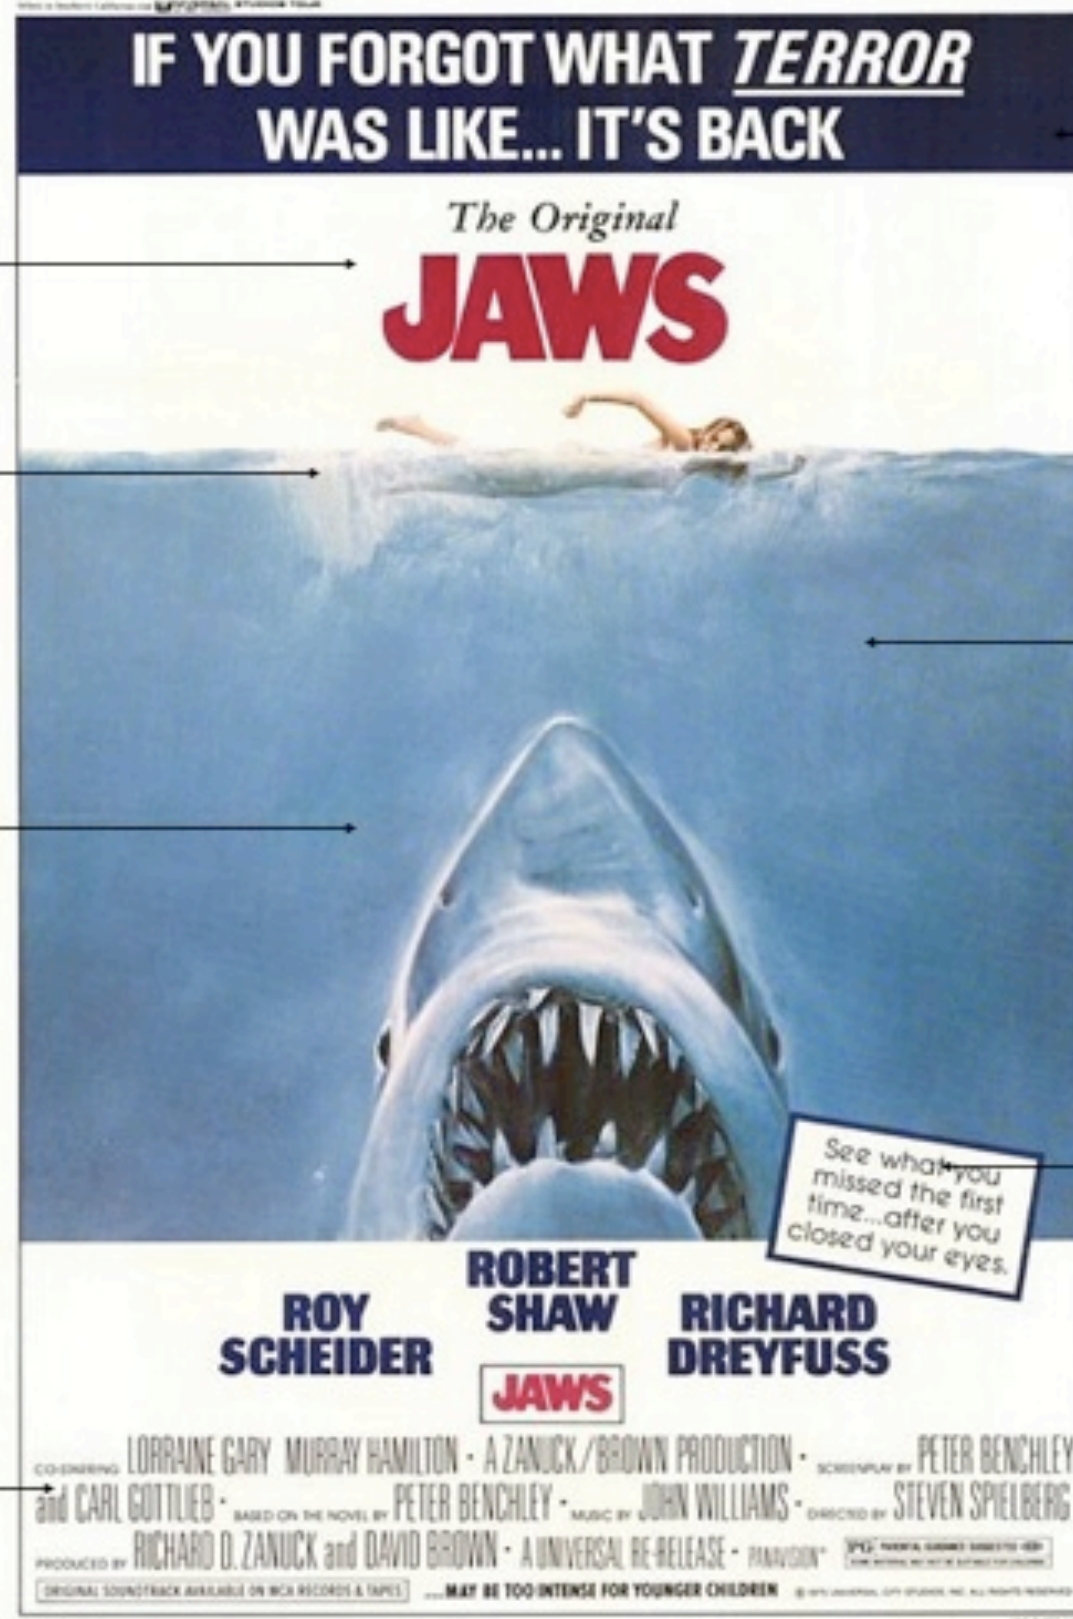

Vector (SVG)

The title is in a **sanserif** font which makes it **bold and clear**. The colour **red** often resembles **blood, fright and horror**.

The woman swimming above the shark shows she is in **danger**. The shark is the main subject of the '**terror**'.

The use of the shark shows that it is a **horror/thriller** film. The sharks **teeth** also relate to the title 'Jaws'.

The **cast & crew** are named at the bottom of the poster. It enables the viewer to see who was **involved** in the **production** of the film, which will then help them to **decide** whether they want to see it.

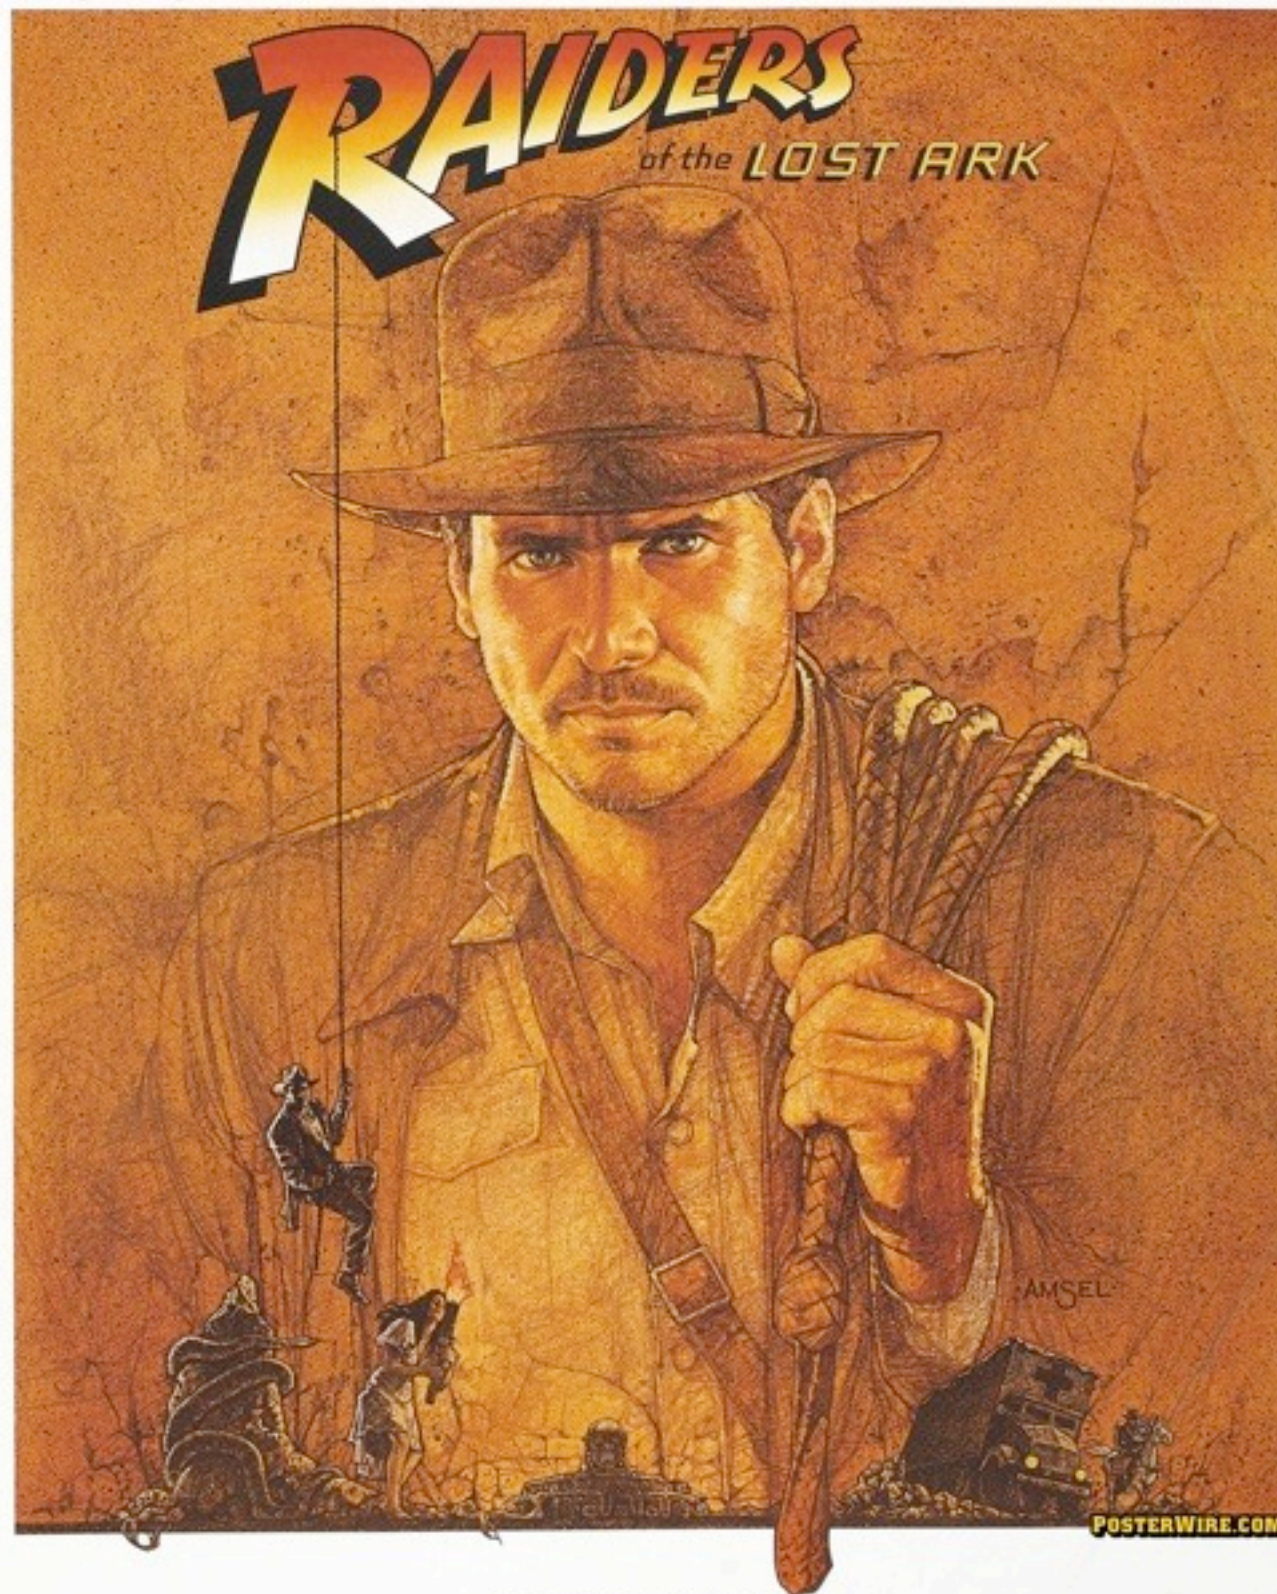

This strapline is intended to make the film sound **frightening** and lure the **public** into seeing it.

The deep blue **water** shows that parts of the film might be set out at **sea**, people in the sharks **habitat**.

Another strapline, again building up the **suspense** for the **thrilling** film, **encouraging** viewers to see it.

Indiana Jones—the new hero
from the creators of JAWS and STAR WARS.
