Emily

Head Florist

Botanique Workshop

Exmouth Market, Islington

London, United Kingdom

Re: Application for Senior Florist

Dear Emily,

I am writing to apply for the Senior Florist position advertised on the Botanique Workshop website. I am currently a Florist at Grace Floral Studio in London and have developed more than five years of floristry experience since 2020 through shop-based roles, private commissions and self-employed wedding and event work. I hold a full driving licence and have the right to work in the UK.

My experience closely matches the practical and commercial requirements of the role. I create hand-tied bouquets, bespoke arrangements, wedding flowers, event installations and seasonal displays, while ensuring correct conditioning, care and presentation of flowers. I have managed customer consultations, till and card payments, pricing, flower calculations, stock control, supplier coordination and waste reduction. When working independently in Ukraine, I handled each commission from the first client discussion and design proposal through to purchasing, preparation, installation and final delivery. I am comfortable prioritising urgent orders and maintaining accuracy and customer service during busy periods.

I would bring both leadership and creativity to Botanique Workshop. In previous floristry work, I trained new colleagues and delivered practical courses, giving clear demonstrations and supporting others as they developed their skills. My earlier hospitality and retail experience strengthened my ability to supervise daily activity, solve problems calmly and build positive customer relationships. I am particularly attracted to Botanique's combination of an independent flower shop, weddings, events, weekly contracts and creative workshops. This varied, design-led environment is the right next step for me, and I would be confident supporting both the shop floor and the wider floristry operation.

Alongside my floristry skills, I am studying CertHE Business Skills for the Workplace at the University of Wales Trinity Saint David in London. I use Word, Excel and PowerPoint confidently and can create visual and video content with Canva, CapCut and AI-assisted tools. These skills can support organised records, product presentation and digital content when required. I am available to work from Wednesday to Sunday, and photographs of my bouquets and event work are available on request. Thank you for considering my application. I would welcome the opportunity to discuss how my experience, reliability and enthusiasm for floristry could contribute to Botanique Workshop.

Yours sincerely,

Tetiana Huba

JOBS AT BOTANIQUE WORKSHOP

We are currently hiring for two Part time florist roles.

FLORIST ROLE

Permanent Part-Time Role: 32 hours per week (Days may vary but likely to be Monday, Thursday, Friday and Saturday)

We are looking for a creative and experienced Florist to join our small, creative-led, and friendly team.

This is a unique opportunity to work within our established business, Botanique Workshop, across all florist areas. The successful candidate will be working on the shop floor, making bouquets for customers, keeping our flower stands replenished and in perfect condition, making dried arrangements, conditioning flower deliveries, maintaining and cleaning work areas, making online flower orders and be trained in making our off-the-peg wedding ranges and opportunities to work on off site bespoke weddings and events too.

There is lots of opportunity for growth for the right candidate as we are an ever expanding very diverse

There is lots of opportunity for growth for the right candidate as we are an ever expanding very diverse business. You will, however, be expected to muck in, so a very strong work ethic and ability to juggle multiple tasks under pressure is critical.

About Botanique Workshop - Botanique Workshop is a renowned concept store in London, established on Exmouth Market in 2014, and most recently expanding to a curated showcase of the brand on the famous Columbia Road flower market. We are known across both the floristry and independent retail industries for our unique design led product and floristry. More than 50 likeminded retailers throughout the UK currently stock our own brand collection.

Key Responsibilities:

Working as an experienced florist you will predominantly work on the shop floor.

Make hand tie bouquets for customers who come into the shop.

Create online flower orders for delivery and make our off-the-peg range of wedding and event items.

Creating contracts with local businesses.

Supporting Emily on our bespoke wedding and event work as needed.

Supporting Emily on our bespoke wedding and event work as needed.

Once trained you will teach floristry workshops such as hand tie bouquet making, bowl arrangements, wreath making and dried flowers arranging too.

You will condition flower deliveries, keep floristry work areas clean and tidy, washing vases and changing water regularly.

Creating dried displays.

An immaculate flower display in the shop of fresh and dried flowers is very important to us so this must be maintained at all times!

It is a varied role in a small but strong team of florists. Emily, our Head Florist, will be your manager. You will work alongside our other florists and be supported day to day by our Operations Manager.

Retail Operations & Customer Service:

- A significant part of this role requires working on the shop floor. Provide excellent customer service, serving customers at all locations.
- Note: You will frequently be the sole member of staff on the shop floor, so comfort and proficiency in this aspect are essential.

Retail Operations & Customer Service:

- A significant part of this role requires working on the shop floor. Provide excellent customer service, serving customers at all locations.
- Note: You will frequently be the sole member of staff on the shop floor, so comfort and proficiency in this aspect are essential.

Important Note: You must have 2 years floristry experience.

How to Apply:

Please email Emily at emily@botaniqueworkshop.com with:

- Your CV links to your portfolio, professional Instagram, or other relevant media.
- A detailed explanation of why you are the ideal candidate for this specific role and perfect fit with the Botanique Workshop team.
- Key Dates:
 - Application Deadline: Saturday 15th August
 - First Round Interviews: Week commencing 17th August
 - Target Start Date: Mid to late September 2026
