“

This session is an introduction to UWTSD Library and Learning Resources.

Aim of the Session

An introduction to the library resources and services.

A demonstration how to use the library catalogue.

How to access subject specialist databases.

Services and Support

A dedicated librarian for research support.

Help available via chat, email or Teams.

Online resource lists linking to course reading.

Support for referencing, copyright, and accessibility.

Resources at UWTSD Include..

Books &
Ebooks

Peer
reviewed
Journals

British
Standards

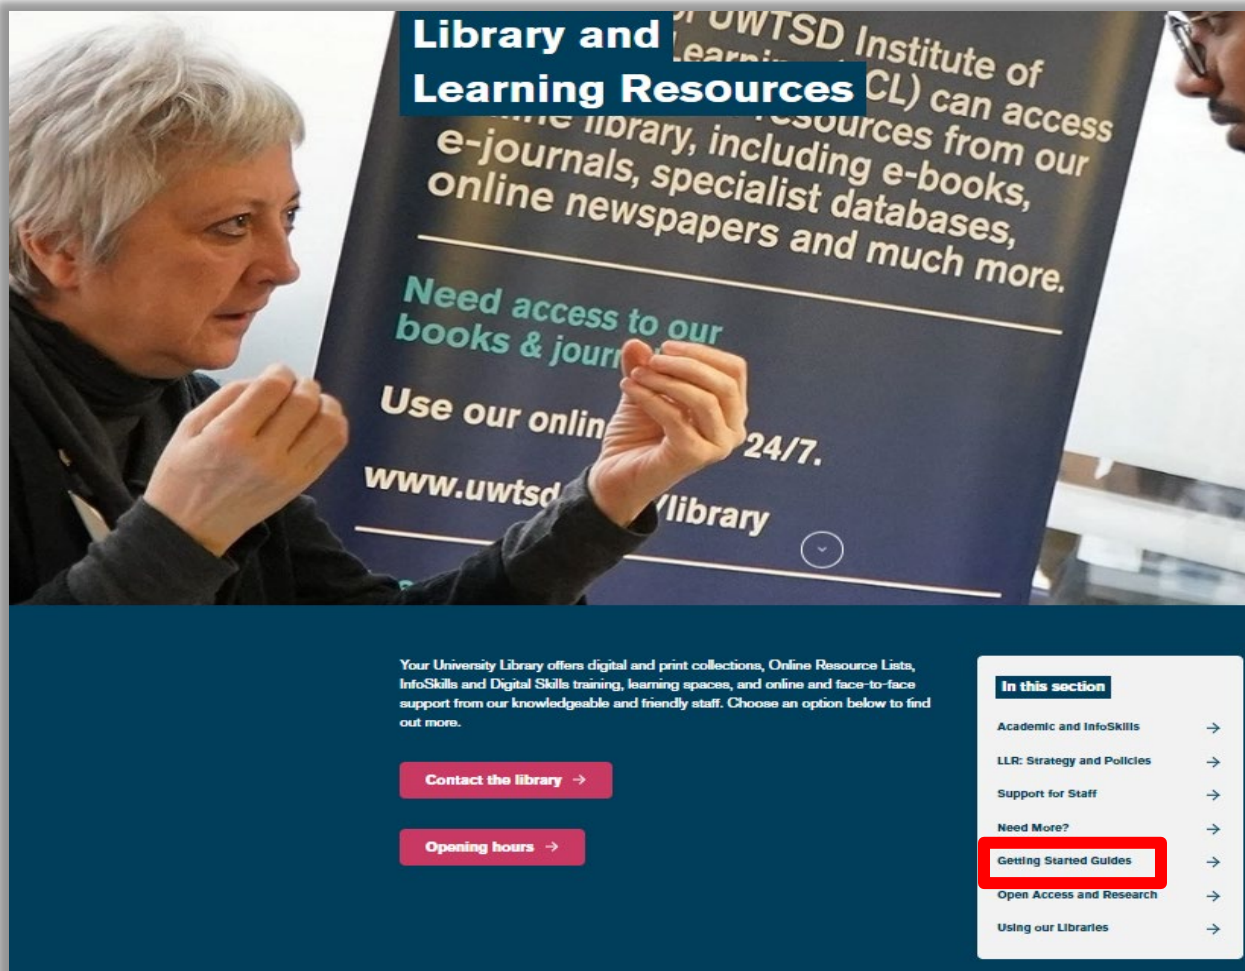

Film, TV,
& Video

Market
Research

Technical
papers

Getting Started Guides

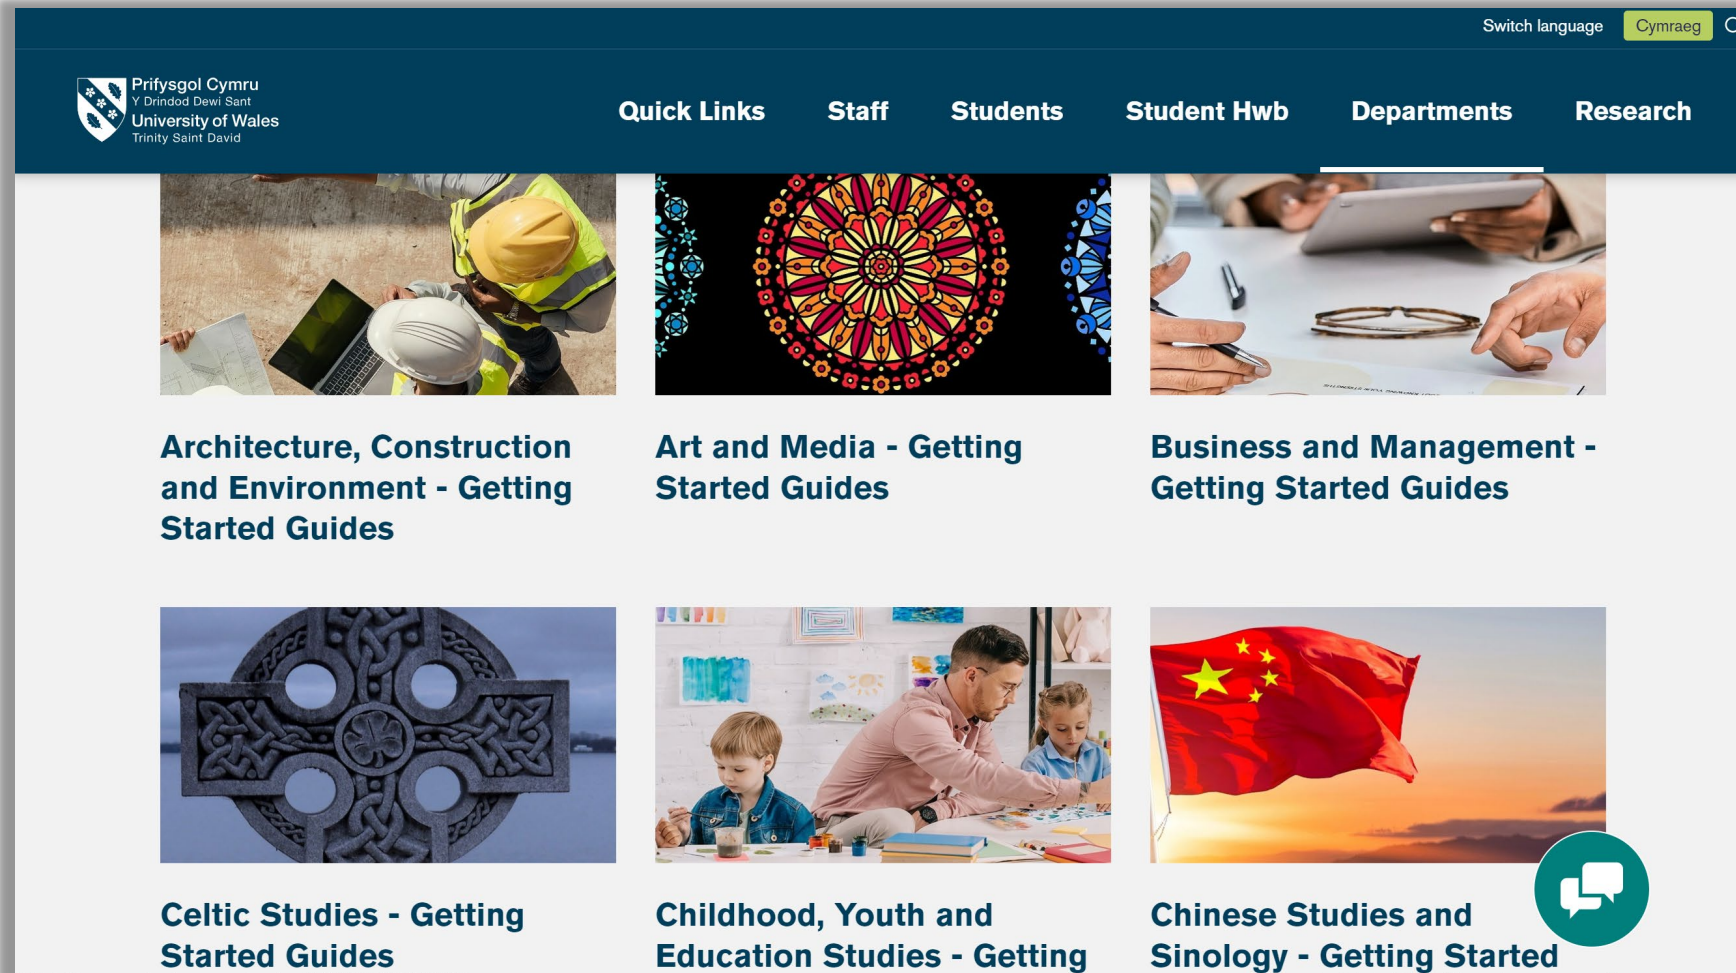

From the Intranet Library webpage, you will find all the services and support the library offers.

Click on Getting Started Guides to go to our subject based guides on where to find support and information in your subject area.

[Library and Learning Resources](#)

Choose from the A-Z list of subjects

The screenshot displays the library website with a dark blue header. The header includes the university's logo and name in Welsh and English, a language switcher set to 'Cymraeg', and a search icon. Below the header is a navigation bar with links: Quick Links, Staff, Students, Student Hwb, Departments, and Research. The main content area features six subject guide tiles, each with a representative image and a title. The tiles are arranged in a 2x3 grid. The first row includes Architecture, Construction and Environment; Art and Media; and Business and Management. The second row includes Celtic Studies; Childhood, Youth and Education Studies; and Chinese Studies and Sinology. A green speech bubble icon is located at the bottom right of the Chinese Studies tile.

Get Started..

When you've selected your subject, you will find help to access your library account, your essential reading, digital skills support and referencing handbooks.

From here you can also explore the library's resources and books and journals tailored to your subject area. You will also find the contact details of your Academic Liaison Librarian and Digital Skills Advisors who are always on hand to help.

Get started

This guide is designed to help you get started with using learning resources and making the most of the services available to support your academic studies.

Before you start, please [watch this short video](#) which will show you how to access your library account and the library's resources and ensure you have completed the [Digital Learning checklist](#) to make sure you are set up and ready to carry on. Then scroll down to find out more.

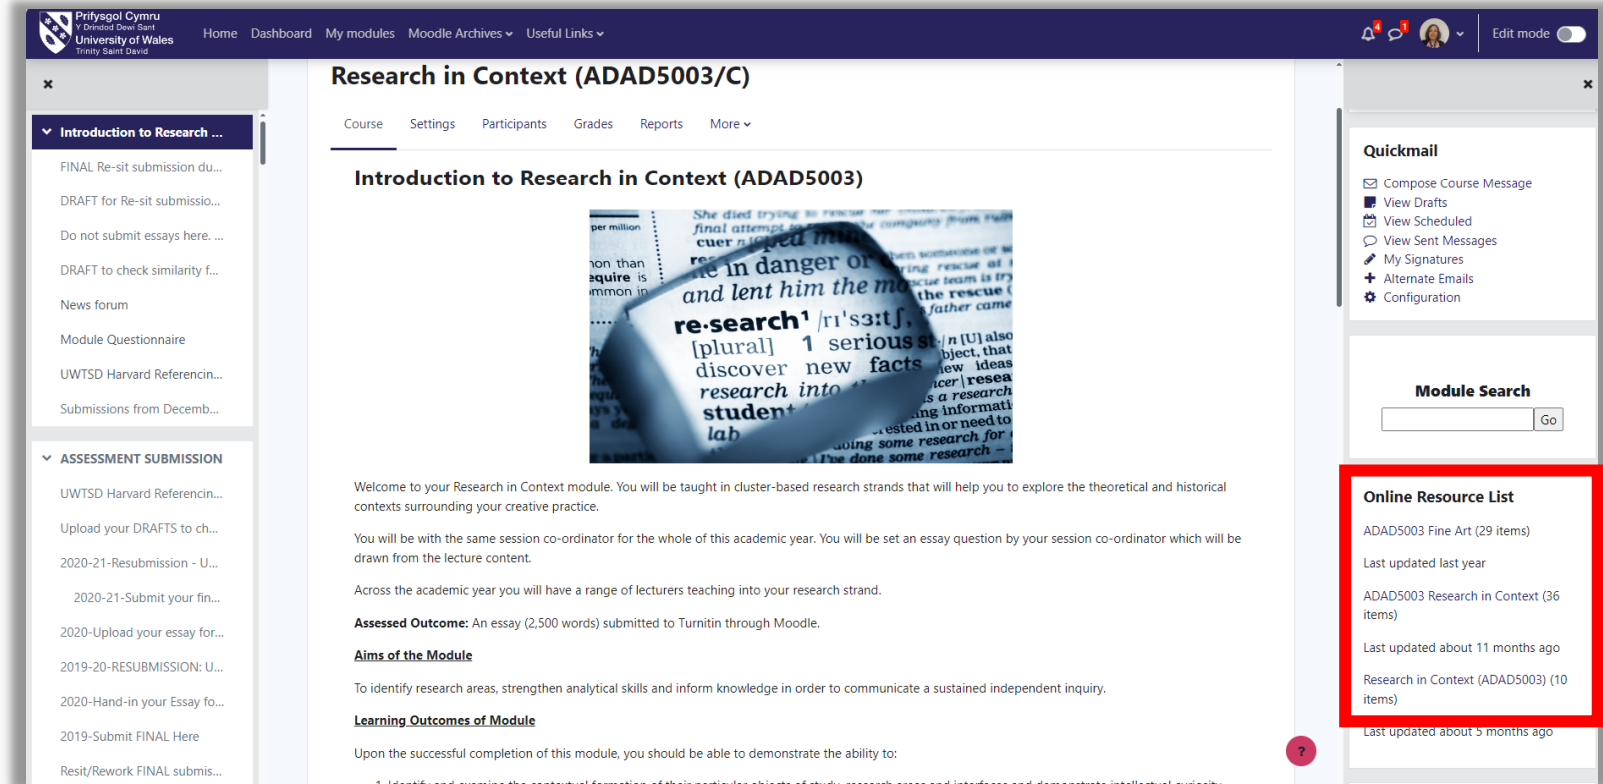

[Library and Learning Resources](#)

What are Your Online Resource Lists

Online resource lists are lists of print and electronic items recommended by lecturers and made accessible by the library.

Find them in Moodle..

The screenshot shows a Moodle course interface for 'Prifysgol Cymru / University of Wales Trinity Saint David'. The course is 'Research in Context (ADAD5003/C)'. The left sidebar contains navigation links for 'Introduction to Research ...' and 'ASSESSMENT SUBMISSION'. The main content area displays the 'Introduction to Research in Context (ADAD5003)' page, which includes a welcome message, a list of lecturers, and an 'Assessed Outcome' section. The right sidebar contains a 'Quickmail' section and a 'Module Search' section. A red box highlights the 'Online Resource List' section in the right sidebar, which lists the following items:

- ADAD5003 Fine Art (29 items)
- Last updated last year
- ADAD5003 Research in Context (36 items)
- Last updated about 11 months ago
- Research in Context (ADAD5003) (10 items)
- Last updated about 5 months ago

Use Filters to Improve Your Results

Use the filters down the left-hand side.

This set of results has only Full Text Online Books – you could limit further by date, peer review and other filters listed.

Finding Books

The screenshot shows the library's search interface. At the top, there's a navigation bar with links like 'New Search', 'Online Resource Lists', 'Browse eJournals', 'Database Search', 'Newspaper Search', and 'Need More?'. The search bar contains the text 'sustainable architecture'. Below the search bar, there are filters: 'Books', 'that contain my query words', and 'anywhere in the record'. A yellow banner prompts users to 'Sign in to get complete results and to request items'. On the left, the 'Active filters' section shows 'Held by library' selected. The 'Tweak my results' section includes 'Expand My Results'. The 'Sort by' section is set to 'Relevance'. The 'Resource Type' section shows 'Books (105)' selected. The 'Subject' section lists various categories like 'Sustainable Architecture (29)', 'Sustainable Buildings Design And Construction (9)', and 'Sustainable Development (8)'. The main results area displays four book entries, each with a thumbnail, title, author, and a 'Map it' link. The books are: 1. 'Sustainable architecture' edited by David Turrent, 2007; RIBA. 2. 'Sustainable architecture : European directives & building design' by Brian Edwards, 2nd ed., 1999; Architectural Press. 3. 'The philosophy of sustainable design : the future of architecture' by Jason F. McLennan, 2004; Ecotone. 4. 'Dense + green : innovative building types for sustainable urban architecture' by Thomas Schröpfer, 2016; Birkhäuser.

- Filter to books – either using the drop-down menu under the search box or on the left-hand side.
- Filter to Held by library.
- Use the Map it link to locate any print resources.

Articles

The screenshot shows the library's search interface. At the top, the search bar contains 'sustainable architecture'. Below the search bar, there are filters for 'All items', 'that contain my query words', and 'anywhere in the record'. The results are displayed in a list format. The first result is 'Environmentally sustainable interior design: a snapshot of current supply of and demand for green, sustainable or Fair Trade products for interior design practice' by Hayles, Carolyn. The second result is 'Pursuing Happiness: The Architecture of Sustainable Change' by Lyubomirsky, Sonja; Sheldon, Kennon M; Schkade, David. The third result is 'A guideline for assessing of critical parameters on Earth architecture and Earth buildings as a sustainable architecture in various countries' by Niroumand, Hamed; Zain, M.F.M; Jamil, Maslina. The left sidebar shows active filters: 'Full Text Online' and 'Articles'. There are also options to 'Remember all filters' and 'Reset filters'. The bottom of the sidebar shows 'Availability' and 'Resource Type' filters. The top right of the page has navigation links for 'New Search', 'Online Resource Lists', 'Browse eJournals', 'Database Search', 'Newspaper Search', 'Need More?', and 'Sign in'.

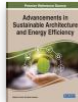

What the Item Records Include

- Where the book is held if it's in print.
- Link to ebook or journal article if it's electronic.
- How to request it if it's on loan.
- Related reading.
- Option to search just within one journal.
- Virtual browse of other similar books.
- Books on the same Online Resource list.
- Option to save in your personal reading list.

Title Advancements in [sustainable architecture](#) and energy efficiency

Author Roberto Alonso González-Lezcano 1971- editor [>](#)

Statement of Responsibility edited by Roberto Alonso González-Lezcano.

Subjects [Buildings -- Energy conservation >](#)
[Sustainable buildings >](#)

Description Thermal comfort and indoor air quality (IAQ) issues have gained significant interest in the scientific and technical community involved in building performance analysis and other related subjects. In terms of thermal comfort, the achievement and maintenance of a thermally acceptable indoor environment is affected by energy costs, and energy poverty is a widespread problem globally. There is a call for energy-efficient [architecture](#) for a developed and sustainable world. However, with the use of renewable energy that increased considerably in recent years, new technical challenges arise for the energy sector. Consumers are key players in this context, as flexibility in demand is crucial to cope

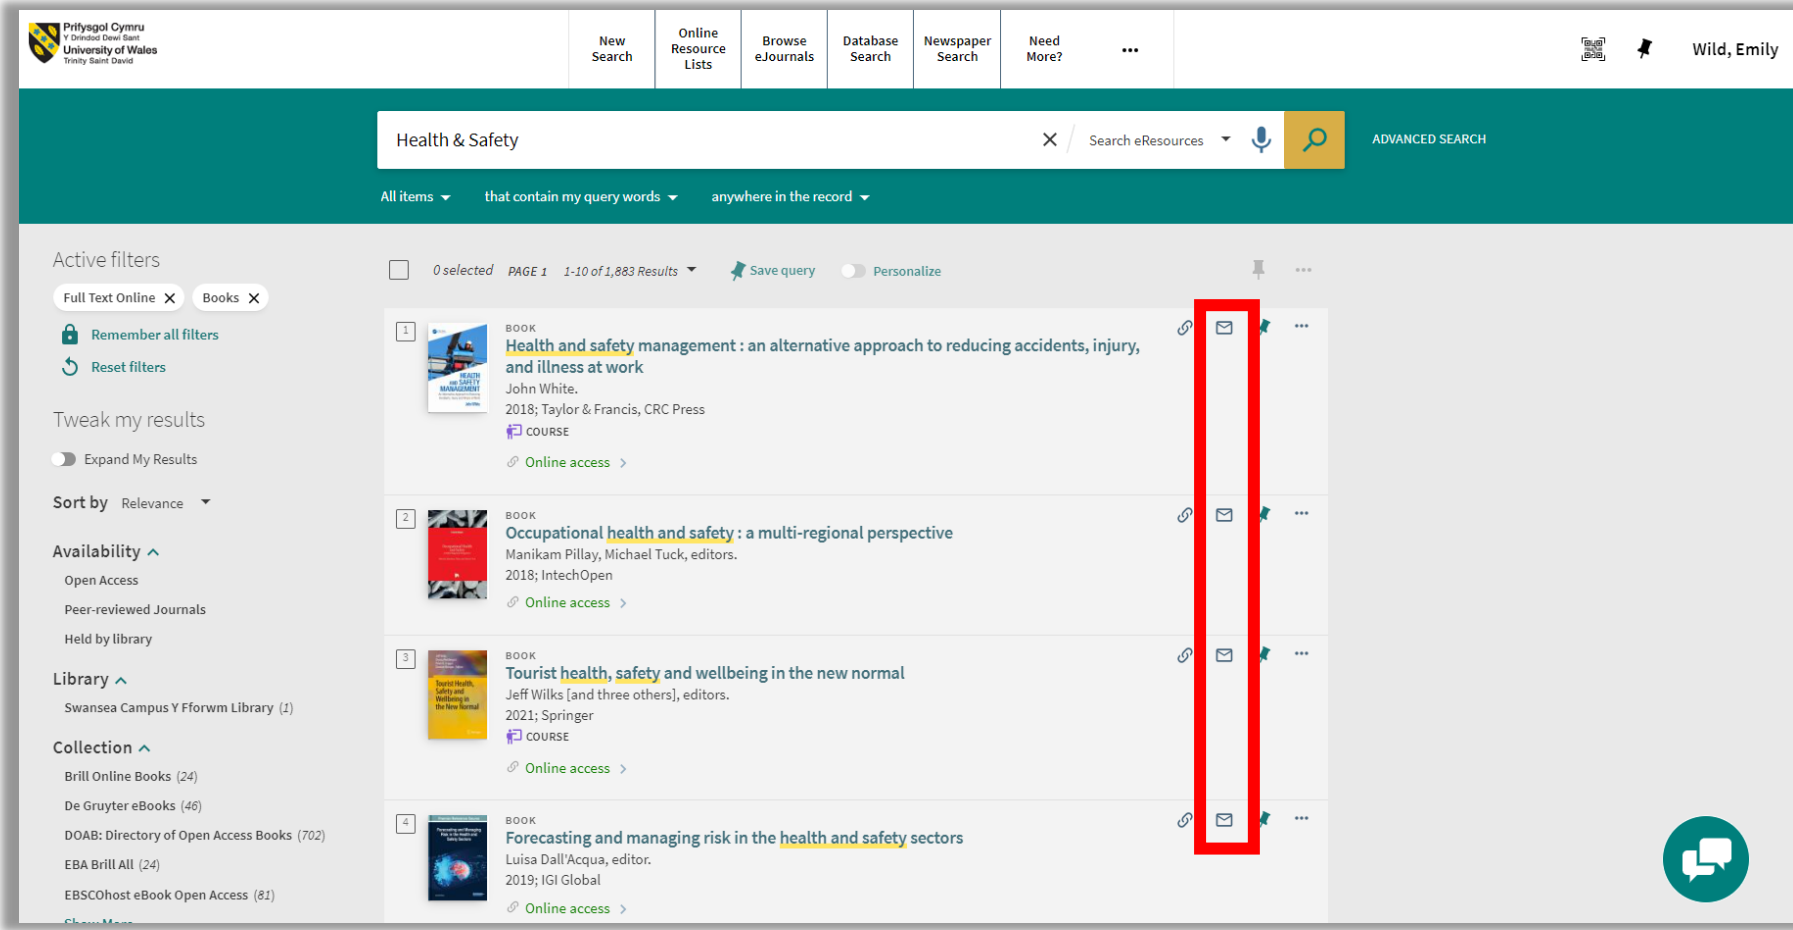

Saving to your favourites

The screenshot shows the library website interface. At the top, there's a navigation bar with the university logo and various search options like 'New Search', 'Online Resource Lists', 'Browse eJournals', 'Database Search', 'Newspaper Search', and 'Need More?'. Tip:

- Open up in the Advanced Search view and explore some of the suggested keywords.
- Try subject searching or title searching, along with date and further subject filters.
- Explore further and narrow down results.

New results

The screenshot displays a library search interface. At the top, there are tabs for 'SEARCH CRITERIA' and 'BARCODE SEARCH'. Below these, the 'Search Scope' is set to 'Search eResources'. The 'Search Filters' section includes a dropdown for 'Any field' containing the text '(sustainable building materials UK) OR (eco-friendl'. To the right, there are filters for 'Material Type' (set to 'All items'), 'Language' (set to 'Any language'), 'Start Date' (with Day, Month, and Start Year dropdowns), and 'End Date' (with Day, Month, and End Year dropdowns). Below the filters, there are buttons for '+ ADD A NEW LINE' and 'CLEAR'. A search bar at the bottom contains the text 'Any field contains (sustainable building materials UK) OR (eco-friendly construction materials UK) OR (... AND Any field contains Enter a search term)'. A 'SEARCH' button is located to the right of the search bar. Below the search bar, there is a section for 'Active filters' with buttons for 'Full Text Online X', 'Peer-reviewed Journals X', and 'New From Last 3 Month X'. There are also links for 'Remember all filters' and 'Reset filters'. Below this, there is a section for 'Tweak my results' with a link for 'Expand My Results'. At the bottom, there is a 'Sort by' dropdown set to 'Relevance'. The search results section shows a list of results, with the first result being an article titled 'Assessment of the Mechanical and Microstructural Performance of Waste Kraft Fibre Reinforced Cement Composite Incorporating Sustainable Eco-Friendly Additives' by Taiwo, Anuoluwapo S.; Ayre, David S.; Khorami, Morteza; Rahatekar, Sameer S. The article is from 'Basel: MDPI AG; Buildings (Basel), 2024-09, Vol.14 (9), p.2725'. The article is marked as 'PEER REVIEWED' and 'OPEN ACCESS'. There are links for 'Download Article', 'View Issue Contents', and 'Available Online'.

Library Catalogue or Individual Databases?

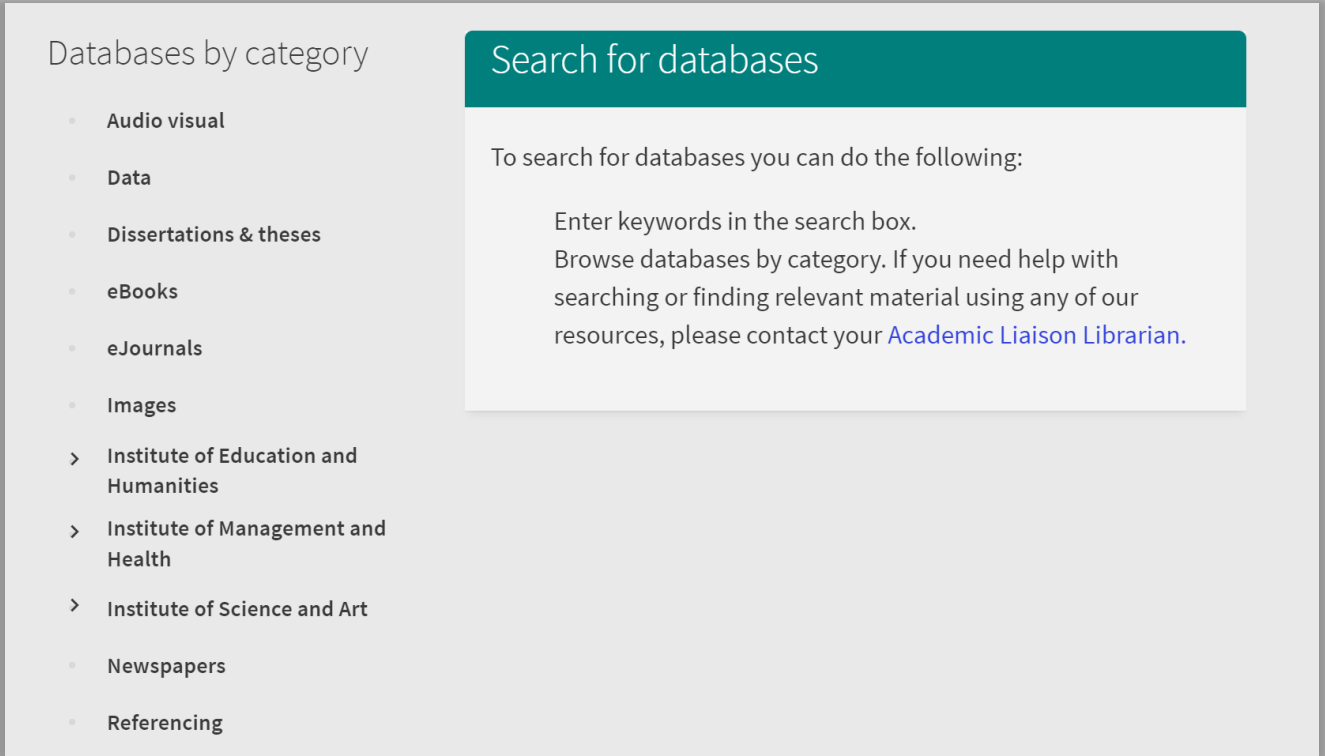

The library catalogue searches most of our databases when it performs a search, so why choose to search an individual database?

- More specialised content – fewer, more relevant results.
- More controlled indexing – filter results in greater detail.
- Not every specialist database is indexed by the library catalogue.

Database Search

- Browse databases not searched by the library search:
 - BoB.
 - Digimap.
 - Cite Them Right.
 - CIS (Construction Information Service).
 - MarketLine Advantage.
- Go directly to subject specific databases:
 - Art & Architecture Source.
 - IEEE Xplore Digital Library.
 - Proquest Central.
 - Science Direct.

The screenshot shows a library website interface. On the left, under the heading 'Databases by category', there is a list of database categories: Audio visual, Data, Dissertations & theses, eBooks, eJournals, Images, Institute of Education and Humanities, Institute of Management and Health, Institute of Science and Art, Newspapers, and Referencing. On the right, there is a teal header 'Search for databases'. Below it, a text box says 'To search for databases you can do the following:'. This is followed by two lines of text: 'Enter keywords in the search box.' and 'Browse databases by category. If you need help with searching or finding relevant material using any of our resources, please contact your [Academic Liaison Librarian](#).'

Database Search

Some Useful Databases

- [Art & Architecture Source](#)

Research database covering fine, decorative and commercial art, as well as architecture and architectural design.

- [Digimap](#)

A web mapping and online data delivery service which offers a range of on-line mapping and data download facilities and provides maps and spatial data from organisations such as the Ordnance Survey.

- [IEEE Xplore Digital Library](#)

Covers literature in electrical engineering, computer science, and electronics. Full text articles from IEEE journals, transactions, and magazines.

- [Construction Information Service \(CIS\)](#)

This database contains news, technical standards, articles, access to the Architects' Journal, legislation, BIM

Some Useful Databases

- [Proquest Central](#)

This is a multidisciplinary database but you can limit it to search just the Engineering database or Environmental Science database.

- [Science Direct](#)

This database has a large collection of Physical Sciences and Engineering publications.

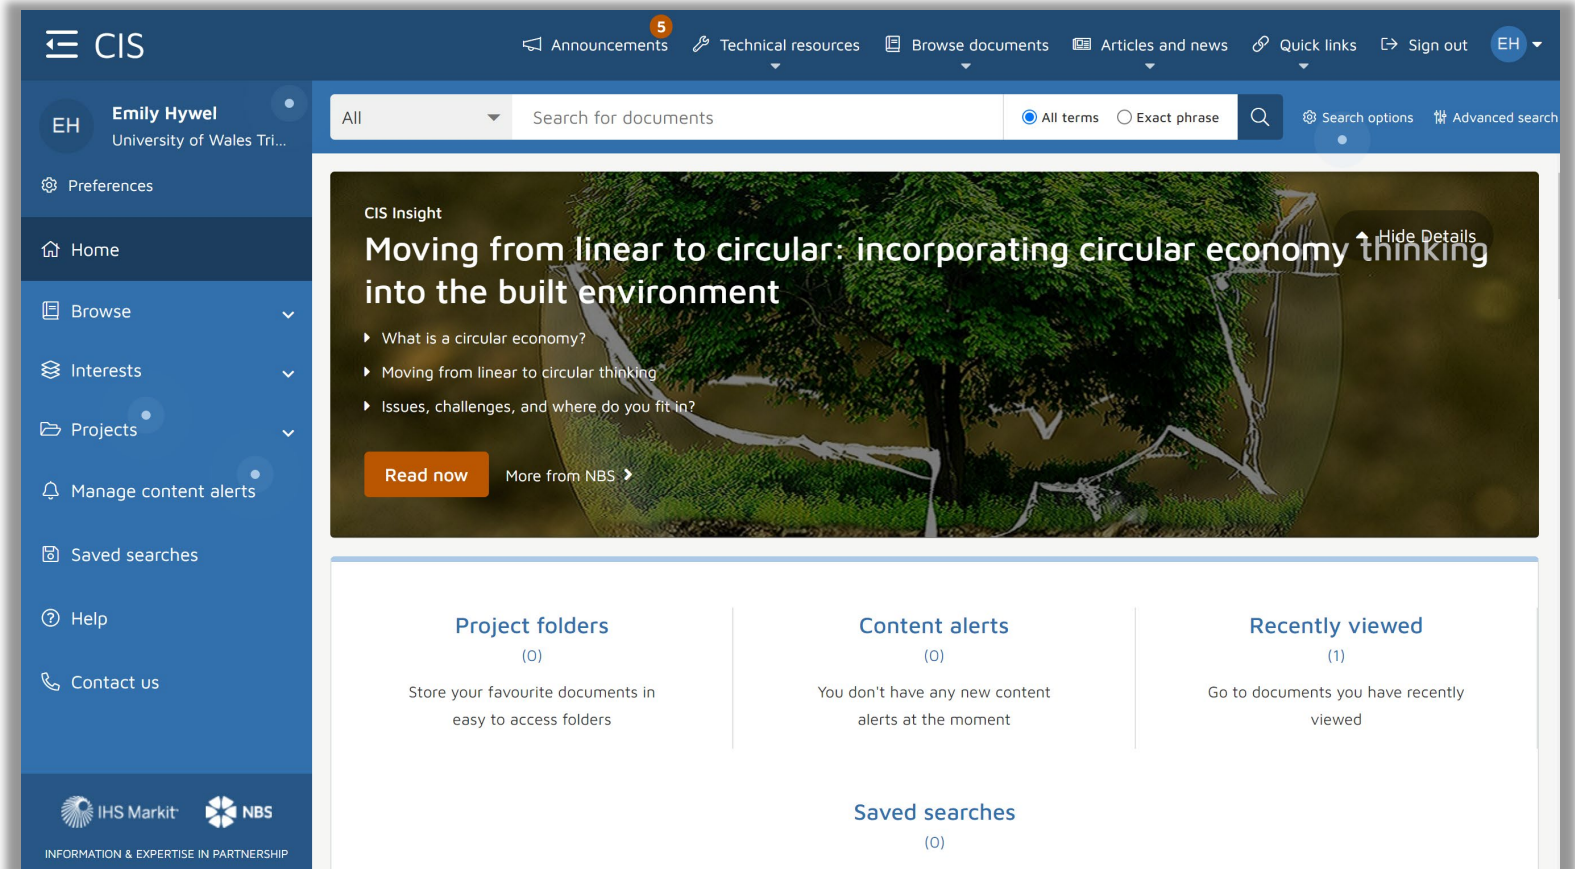

- [MarketLine Advantage](#)

This database provides company reports, industry profiles, country and city reports. It also has extensive statistical data, analysis, and case studies.

Construction Information Service (CIS)

- CIS contains, news, British Standards, articles, access to the Architects' Journal, legislation, BIM.
- Create your own personal project folders.
- Save searches and create alerts.

CIS

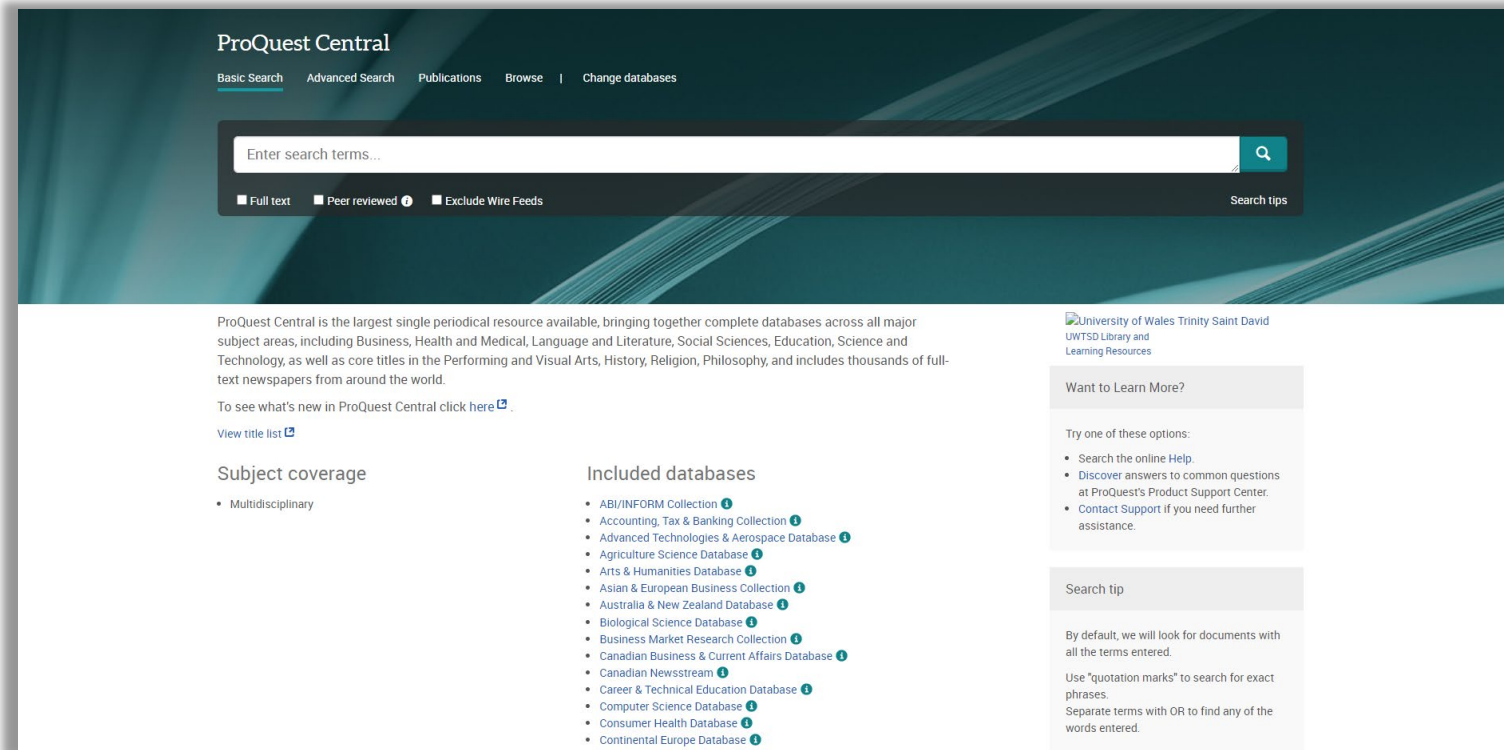

Proquest Central

ProQuest Central is the largest single periodical resource available, it contains complete databases across all major subject areas.

This includes:

Recoded City
By Thomas Ermacora, Lucy Bullivant

Small-Scale Urban Greening
By Angela Loder

ABSTRACT

Cities After Crisis shows how urbanism and urban design is redefining cities after the global health, economic, and environmental crises of the past decades. The book details how these crises have led to a new urban vision—from avantgarde modern design to an artisan aesthetic that calls for simplicity and the everyday, from the sustainable development paradigm to a resilient vision that defends de-growth and the re-wilding of cities, from a homogenizing globalism to a new localism that values what is distinctive and nearby, from the privatization of the public realm to the commoning and self-governance of urban resources, and from top-down to bottom-up processes based on the engagement and empowerment of communities.

Through examples from cities around the world and a detailed look at the London neighbourhood of Dalston, the book shows designers and planners how to incorporate residents into the decision-making process, design inclusive public spaces that can be permanently reconfigured, reimagine obsolete spaces to

What is Browzine?

Browzine allows you to search for and identify journals in your subject area.

Browse and read journals via your browser or download the Browzine app.

Set up email alerts for the new issue of selected journals.

Save your favourite journals on a virtual bookshelf.

Note: not all UWTSD journals are included in Browzine.

Browse the Content

Keep up-to-date with the latest issues of your favourite journals.

Browse by subject or use the search box and search by title, subject or ISSN.

Use My Bookshelf and My Articles to save favourite content.

[Browzine](#)

The screenshot displays the BrowZine Library interface. At the top, there is a navigation bar with links for 'BrowZine Library', 'My Bookshelf', and 'My Articles'. On the right side of the header, it states 'Access Provided By University of Wales Trinity Saint David' along with icons for help, mobile, settings, and search.

The main content area is divided into two columns. The left column, under the heading 'Earth and Environmental Sciences', lists various categories: 'All Journals', 'Aquatic Sciences', 'Environmental Health and Protection', 'Environmental Science, General/Interdisciplinary', 'Geosciences', 'Natural Resources Management' (which is currently selected and has a right-pointing arrow), and 'Oceanography and Atmospheric Sciences'. The right column, under the heading 'Natural Resources Management', lists sub-categories: 'All Journals' (with a right-pointing arrow), 'Energy Resources and Conservation', 'Human - Environment Interaction', 'Natural Resources Conservation and Biodiversity', 'Natural Resources Management and Policy', 'Natural Resources Management - General/Interdisciplinary', 'Sustainability', and 'Water Resource Management'.

To the right of these columns is a grid of journal covers. Above the grid, there is a sort option 'SORT A-Z / JOURNAL RANK'. The grid displays nine journal covers with their respective titles: 'Acta Ecologica Sinica', 'Acta Hydrochimica et', 'Acta Oecologica', 'Advanced Energy and Sustainability', 'Advanced Energy Materials', 'Advanced Sustainable Systems', 'Advances in Water Resources', 'Agricultural & Environmental Letters', and 'Ambiente & Sociedade'. At the bottom of the grid, there are partial views of 'Revista Ambiente & Água' and 'AMRIO'.

Search by title, subject, or ISSN

Or use the search box.

The screenshot displays the BrowZine Library search interface. At the top, navigation links include 'BrowZine Library', 'My Bookshelf', and 'My Articles'. The user is logged in as 'Access Provided By University of Wales Trinity Saint David'. The main search area features a search box with the term 'CONSTRUCTION' entered. Below the search box, a list of subjects is provided for browsing, including Arts and Humanities, Biological Sciences, Biomedical and Health Sciences, Business and Economics, Earth and Environmental Sciences, Engineering and Technology, History, and Law and Legal Studies. The search results are displayed in a table with columns for 'Results', 'All Results', 'Subjects', and 'Journals'. The results list includes Construction, Construction and Building Materials, Construction Economics and Building, Construction Engineering, Construction Innovation: Information, Process, Management, Construction Management and Economics, Construction Robotics, Automation in Construction, Baltic Journal of Real Estate Economics and Construction Management, and Engineering, Construction and Architectural Management. A vertical strip of journal covers is visible on the right side of the interface.
