CYBERBULLYING

DID YOU KNOW?

One in five children between the age of 10 and 15 in England and Wales experienced at least one form of cyberbullying.

Out of 13,387 UK students aged 12-18, **27%** identified their bullying experience as cyberbullying.

Name-calling, swearing, and insults were the most common type of cyberbullying experienced by children in England and Wales.

Over half, or 52% of the children who experienced cyberbullying, said they would not describe their experience as bullying.
