Could have referred to academic credible literatures. Most of the Literatures are internet sources. Literatures referred and in-text cited. Could have used IEEE format to in-text cite. More appropriate critical reviews on the literature could have added value to the work.	11.8

Knowledge and Understanding Skills	15
Feedback	Mark
The knowledge and understanding on Threats, vulnerabilities and attacks are excellent. Could have done more in-depth research. Referring to more academic credible literatures would help in analysing deeper. Could have added more in-depth description on .rekt file format attacks. The Guideline is more appropriate. The Threats, Vulnerabilities and attacks discussed in-line with the given scenario. Formatting is good.	12.6

Cognitive and Intellectual Skills	20
Feedback	Mark
Attacks discussed based on the stated scenario. Key observations were made in securing the network. However, more details on ransomware/ encrypted file format could have added value to the work. The report was well organised.	16.8

Practical Application Skills	40
