PUBLIC SERVICE

92-5744 Wt. T319 350,000 5/40 L. S. & Co.

1942

TUES. 24th FEB. G.H.Q. left LEMBANG at 4 am. Said Cheerio to A.B. whom had been with for 2½ yrs. Returned to bed till 9 am. "Andy" and self moved down to BANDOENG for lunch in Standard 9 (1934) purchased from Cohen for 1 guilder. Commenced work at new office.

SUN 1ST MAR. Japs invade JAVA. Report of paratroops 10 miles away. False report.

WED 4th MAR. Bobbin walked into office at 2.30 pm and casually informed us Japs 12 miles away. At 6 pm heard move was coming shortly. Commenced packing dumped small amount of kit.

THUR 5th MAR. Left BANDOENG at 4 am. Long journey into mountains to tea plantation at SANTOSA. Arrived 1 pm and fed. Talk by General giving outline of situation & intention. Going to make a break in event of capitulation. Did he mean it?.

FRI 6th MAR. Made to move again today. Left SANTOSA at 10 am, and retraced our steps towards BANDOENG. on way to TJIKAJANG. Passed within 15 miles BANDOENG & could see column of smoke rising also puffs of A.A. Raid on town not home.

arrived TJIKAJANG 2.30 pm. All best beds taken. But got one in lounge not quite place to put blanket.

SAT 4th MAR. Waiting for something to happen. Are we going to win this war or not? Much dashing around but very little done in my opinion. Fish with "Andy" to Aussie H.Q. after dinner.

SUN 5th MAR. Learn we were to move again and did so at 10 am. New H.Q. at tea factory tucked away on mountain side. Seems best place yet. Learn that JAVA has capitulated. Looks as if we are in the "bag". What are we going to do. Destroyed nearly all personal kit and army kit. expecting to make getaway with Graham & Co. into mountains. Only retain enough kit to fill pack. Should arms & M.T. be destroyed? "Andy" told me all unit commanders to see General at old H.Q. at TJIKAJANG at 1800 hrs. Graham fixed up with party, and we joined up with Williams of NAAFI. Col 1400 left for G.H.Q. having said cheerio to pals. Journey of 10 to 15 miles. Road crowded with lorries going in opposite direction towards coast, in hopes of boats.

We also had hopes of getting away. Andy went to General's interview & was told of surrender, arms & M.T. etc to be kept for handing over. General was going to stay & be prisoner and advised all to do same, after what he said at SANTOSA. Discussed several plans for escape which way to go etc. I wanted to go for coast. Andy said which I should go towards the NORTH coast and I think his plan might have have been best as things turned out. Did not consider so at time as I speak no Dutch or Malay and could get no information as to Jap positions could NOT or would NOT Dobb in give us it. By latter, take foot view.
In the interim met Pace & M-Campbell of A & SH. who had come out of Malaya and Sumatra. Finally decided to make for coast & left G.H.Q. at 9 pm Discovered ditched lorry full of rations & added to our stock. Had to stop after 15 miles as road blocked by convoy. Slept night in car.
MON 9th MAR. Woke at 6 am. & moved off at 8 am behind convoy. at

11 am. convoy halted and D.G.M.C. & Pace caught us up. Decided to go down to beach for a swim. Other car punctured and returned for spare for them. No wheel & they had gone when we returned. Arrived at PEMEUNGPEUK at 1pm. Found drome with Kittyhawk, but too badly smashed to repair. Learnt that Blen Heim had left at dawn for Australia & afterward heard they made it. Two spare seats in plane & so assume if General had not been so damn silly in calling G.H.Q. meeting we also should have made it. Rumour in afternoon that boats coming in that night. Went for swim. Arranged with some R.A.F. to signal S.O.S. all night. Spent night in car.

TUES 10th MAR. No boat last night, and expected Japs to arrive, but had decided to stay put. Numerous Rumours. Most fantastic one from R.A.F. officer saying Aussie cruiser coming. Went swimming. Spent night again in car.

WED 11th MAR. Met Frank Knight R.A.F. F/O.

along with AC1 and two Aussies. "Dutch" and "Alban". They had trekked 50 miles down beach complete with native bearers. Proposed to make TJILAJAP. Decided to go along with them. Took up quarters in hut on signal point. Col Russel came with news of terms. Live on tea plantations etc. Also said rumours that Rommel had capitulated & Russia big advance. Asked chaps to return. We decided to remain.

TAURS 12th MAR – 16th MAR. "Andy" went to GHQ on Thurs and we got established as "official picket" for rounding up troops. Brought stacks of rations. Usual life. On 16th heard that Sub came in night before. Rumour. Reed orders to return to GHQ. Kept 2 hr watch on end of pier in heavy storm.

TUES 14th MAR. Returned to GHQ. after week full of incidents. I.E. Andy's phone call BANDOENG & evening JAP. Arrived GHQ 2.30 & expecting to commence march to BATAVIA. Orders changed.

THURS 19th MAR. Left for TJIBATOE
at 11.30 am. and arrived at 2.30 pm.
Billeted out in house of railway
official. Left cat having 2500 miles
FRI 20th - FRI 24th MAR. Nice comfortable
existence waiting for train. Duncan
went to BANDOENG MON as General's
A.D.C. Several walks in mountains.
Concert arranged by Glasgow. Japs
present. General not seen after Tuesday.
FRI 24th MAR. Left for BATAVIA at
6.30 am. 4th Class carriage. Cooped
like sheep. Long & tiring journey.
Bridge over ravine blown up between
SOEKIBOEMI & BUITENZORG. Arrived
TANJONG PRIOK at 9 pm. Walked about
2½ hrs. Then marched 2½ miles to
coolie lines which had been visited
for us. Gate clanged behind us
at 1 am. approx. Threw blanket on
floor & self on top.
SAT 28th MAR Accomodated in
filthy coolie houses, bugs, cockroaches
etc in abundance. No water, light, very
little food. Allowed out to get kit
water rations etc. about mid-day.
Big clean up in process

SUN. 29th MAR – SAT 4th APRIL Camp organisation settling down. Parties going out to work in docks.

SUN 5th APRIL (EASTER) Went to church service. Dedication of little shed covering altar.

SAT 11th APRIL. Central cookhouse starting and all rations called in. This camp handed in enormous number of tinned rations which we might as well have e[illegible] about R[illegible] again in no

SAT 18th APRIL Concert in camp arranged by Glasgow, followed by community singing. Good effort(.)

SUN 19th APRIL Church service at 10 a.m.

MON 20th APRIL Working party at docks. Loading hemp & tapioca flour on to barges. 1 hr on 2 hrs off. Sentries very helpful in buying fruit etc. Returned with good amount for '5 Aces'.

TUES 21st APRIL No 2. camp has

a "star gazer" who forecast certain events on voyage out, which later came true. Was given 4 days CB for "rumourmongering". Has now given date of our release from here as May 14th !. Have not mentioned before but car ran 2500 miles over very bad country no attention and towards end on 100 octane Avialin Spirit 3/4 ordinary 1/4 : Went like 24 hr old.

Heard that all Jap admin staff here except Malay interpreter is to be changed on 25th Sept. Glad to get rid of Blackshirt. "FIVE ACES" consist of "Andy", Glasgow, Campbell, Say & Self. Get quite a few extras milk, sugar fruit etc and a bottle of whiskey thro' buying organisation. Main diet now consists of rice & Specimain menu as follows.

Breakfast 9am. Rice & Sugar & Jam. Tea
Dinner 1pm. Rice & Stew of vegs.
Supper 6pm — do — Tea

Sometimes bread or pastry as well.

WED 22nd APRIL. Maj. Johnston brought rumour into camp which he had heard from JAP Sentry to the effect that we are to be moved to JAPAN in few days time, presumably when this Staff goes on 25th inst (?) Discussed going over "The Garden Wall" in that event. Rumour later cancelled by Maj. Johnston. Maybe Turner translated wrongly from JAP in first place.

FRI 24th APRIL. More questions asked of prisoners by Japs. Twenty five, which cover everything. Orders by Col. Braden to answer them, except when we consider answers might reveal too much, & in that case answer as think fit. Maj. Whiting took over O.C., G.H.Q from "Andy". Issued a lot of orders, of which Duncan has copy. Inspected officers bunks. All our corner told off. New Jap authorities arrived. Commandant speaks English & has had "Western" education. "Blackshirt's" successor at cookhouse also has some English. Sentries seem to be a better type than others were.

SUN 26th APRIL No church service. All "dressed up" and out on

parade for inspection by new camp commandant at 10.15 (.) Further reports that new Japs are very good. They spent a lot of time buying goods for the working parties out today. Colonel Bigden told us that he wished to see the "Five Aces" at 10 am on Monday.

MON 27th APRIL Saw the colonel as instructed. Had expected a minor lecture but instead he told us he had heard we were trying to escape. All started laughing and told him nothing was further from our minds.

TUES. 28th APRIL. Reports of more Jap troops arriving here. They are very young, mere boys and some crying, unable to carry pack.

WED. 29th APRIL. Further reports of new Jap troops being in bad fettle as regards equipment. Japs state troops being sent from Japan owing to lack of food. Also that Turkey has entered war on side of the Allies. Money can be handed to R.A.S.C.

by private individuals if they wish.
Refund after war, in the meantime to be used for purchase of food.
FRI. MAY 1st. Reports of conditions of prisoners in Batavia. Accomodated in the 2 jails - Col Dobbin in charge of one. Celebrated it indeed - 4 people been Five Aces & bottle of whisky! Big changes taken place in Camp. American, Australian & Dutch troops. Seven Dutch Specialists but no drugs or apparatus. Two operations for appendix Been performed without any anaesthetic. All patients, no matter how ill, have to sit up & bow to Jap. M.O.'s. None of the prisoners in jails are allowed to go out, apparently no working parties All above information came via Maj Johnston who has been in hospital. Apparently we are the best off of P.O.W. camps. Glasgow put on another concert last night - which was very good. Now have small stage which is floodlit. Orders from Japs that we have to learn to give drill orders in Japanese by May 6th.
SAT. MAY 2nd. First death in Camp Hospital, from dysentry. Attacks

parade for inspection by new camp commandant at 10.15 (.) Further reports that new Japs are very good. They spent a lot of time buying goods for the working parties out today. Colonel Bigden told us that he wished to see the "Five Aces" at 10 am on Monday.

[redacted] indeed - 4 people been

Seven Dutch Specialists but no drugs or apparatus. Two operations for appendex Been performed without any anaesthetic. All patients, no matter how ill, have to sit up & bow to Jap. M.O.'s None of the prisoners in jails are allowed to go out, apparently no working parties All above information came via Maj Johnston who has been in hospital. Apparently we are the best off of P.O.W. camps. Glasgow put on another concert last night - which was very good Now have small stage which is floodlight Orders from Japs that we have to learn to give drill orders in Japanese by Today 6th
SAT. MAY 2nd. First death in Camp Hospital, from dysentry. Attacks

on flies must be redoubled.

Rumour from "reliable source"?! that Java will be in British hands in three days. Deceased had very impressive funeral. Last Fgl. Jap officers attended. Great shortage of medical stores in camp.

MON MAY 4th. Church service yesterday Orderly Officer today. W.O. McBride came back from Batavia hospital yesterday. His version is that there are some medical stores and treatment is fairly good. See May. Johnstons rumour of May first (!)

SUN MAY 10th Church service today. Nothing much happened during week. Not walked much owing to poisoned leg + foot. Heard "Star Gazers" rumour reaffirmed to the effect we leave here between May 17th & 23rd. Change for better. Two more people from this camp have died in Batavia hospital. Japs having A.A. shoot on beach close to

this camp today — 3" — Bofors & heavy fom-foms?. First fifty of Javanese soldiers left camp today. Presumed for release?.

FRI. MAY 15th. Four more deaths from dysentry during last 14 days. Celebrated Birthday yesterday with Five Aces & bottle of whisky! Big changes taken place in camp. American, Australian & Dutch troops all moved to Batavia and British troops have come here. Move took place yesterday. G.H.Q. have come & are in No 7 camp. Saw Graham, Dobbin etc. Col Russell as usual running everything his own way. Assisted Dinty in small way yesterday & this morning. Some from Bicycle Camp & some from Jail. Those in jail have apparently been fairly comfortable. Confirmed rumour that R.A.F. personnel escaped from jail but were caught & shot. Apparently General Sitwell has been interrogated by Jap political police & had a rough time. Been chained etc?. Startling

Rumour that Japs have lost 45,000. men in attempting to evacuate New Guinea. Can be more or less discounted I think. We now have eleven Cols in this area so there may be some fun.
MON 18th MAY Col. Russell seemed to stir up some trouble. Nips cannot get new figures right. Wer were all called up at 0100 hrs. Friday to be counted. They were 14 up. At present they are 1 down. Out on dock party yesterday. No work till 1 pm. Fair amount of beer(.) Rumour about N. Guinea discounted
WED 20th MAY One more death 2 days ago. Dock party yesterday got ample whiskey & beer. Col. Russell is trying to stop profiteering inside the camp, on cigarettes etc. Present prices inside the camp are approx as follows with guilder at 2/8 sterling
Cigarettes f1 for 20 (Mascot Davros etc)
Whiskey f15 a bottle
Condensed Milk f1-25 per tin
Sugar f.25 ct. for ½lb approx

Small Loaf 50 cts
Small packet of five cakes 20cts.
As opposed to this I purchased 1000 double Ace for 25 gilds off Jap guard on Sunday. Also Jap guard came down outside wire last night selling at same price. Have just heard that Cols go on roll call parade in No 4 Camp & did this am.

MON 25th MAY Diary seems to have been somewhat neglected the last few days. Took party from No.8 camp to docks on Friday. Unloading petrol back at 1 pm - no buying (.) Lots of face slapping occurred on Thursdays party. Did O.Officer on Sat. 23rd: Two more deaths yesterday (.) Star-gazers story of us leaving here between 14 & 23 has proved false, must now wait for native legend which means about June 16th. Col. Jobbin said the other day that he thought we should be very unlucky to be still here in September

THURS. 28th MAY. Total number of deaths now ten. Japs seem to have quitted Unie Kamfong - more or less. No invasion barges left - all workshop installations removed - one boat left on here which

is loading scrap iron. Repat of troops leaving. Concert last night in No. 4 camp. Lecture on Mayfair 1234 by Lt. Dant followed. Chiefs told us this morning that his party is "off".

FRI. 29th MAY. Drakeford, 2/Lt. S.S.V.F. died at mid-day yesterday. Had been ill last fortnight with dysentery from which he had more or less recovered, cause of death was heart failure. Six of us acted as bearers at funeral 5.30 p.m. same day. Interment in European Section T.R. cemetry.

SAT 30th MAY Strong rumour that General, A.V.M. and two other senior officers left for Japan with convoy 2 days ago. Information is fairly reliable. Stat-gazer out of action so are now waiting to see what happens at end of 100 days at June 16th, when earthquakes, tidal waves and what not are supposed to occur. Dysentery is reported to be on the increase in this area. Have poisoned leg again.

TUES 2nd JUNE. 5 Aces have managed to purchase fair amount of stuff lately through "Taffy" and hope to get some medicall supplies also. Purchase of Table Tennis, Cricket gear etc recently will

help to make life more interesting ☺
Leg getting on O.K. ☺
SAT 6th JUNE Five Aces club split two days ago. Self, Bay & Andy now buying from Taffy & Co. ☺ Have now been attached to No 13 Camp for all duties. Ian Graham is O.C. ☺ Big meal tonight of pork chops, Stuffs, peas
TUES 9th JUNE. O.O. for No 13 camp yesterday. Lights now to remain on till 11 pm. Chiefs has been out on two recces ☺ No startling developements.
SAT. 13th JUNE. O.O. yesterday ☺ Andy on new purchasing racket ☺

for eggs, fruit, sugar etc. ☺
No. 4 Camp have got their teeth into profiteering now ☺ Kit of a man who died in No. 13 Camp has been auctioned for £51, to be sent to dependents ☺ Concerts now weekly, alternating between Nos 1 & 4. Number of deaths decreasing somewhat - only one since Bakeford's up to today when one occured from malaria ☺
THURS 18th JUNE. On course this week of military law up to company commanders standard. Surprise search of camp this morning. Many kits turned out. Own kit not searched.

SUNDAY 28th JUNE Law course finished yesterday. O.O. for No. 13 yesterday. First showing of "Merchant of Venice" in No. 8 Camp. ☺ Japs will not allow it to be held on the "green". They were very annoyed ~~yesterday~~ by Kings Birthday parade held last Sunday without their permission

TUES. 22nd JUNE. Heard that "Star-gazer" is laying 6 to 1 on Java being bombed by tomorrow ☺ He has also put down in writing that we shall be free by Aug. 2nd ☺

MON. 29th JUNE.

Church Service yesterday. Padre very "het up" about language used in camp especially use of "F——" which he actually used in pulpit. New Church to be dedicated Sunday week he hopes. Camp Shop has now started where sundry articles can be bought cheaply. Japs wanted all officers to sign oath to obey all commands given whilst prisoners of war. Senior officers sent back refusal to sign anything and we are now awaiting reply from them ☺ Malaria is slightly

on the increase. About 6. G. H. Q. officers have been down with "Singie" recently.
SAT 4th JULY Col. Lane is still refusing to sign any oath & his latest refusal went to Batavia H. Q. yesterday. Incident occurred yesterday when working party was returning from Batavia; a Dutch girl who returned a wave of greeting to a British Soldier was knocked off her cycle, face slapped & put in T. P. police station. Soldier was put in Guard Room here. Rumour that Bandoeng was bombed yesterday - Suffosed to have come from Jap naval officer. Sudden death in No. 6. Camp 2 days ago. Nips did not allow "Post Mortem" so cause just had to go down as heart faidure
SON. 6th JULY. "Fall in" went at 4 p.m. yesterday. When we got on parade Col. told us Camp Commanders had been more or less forced to sign oath, and we should have to also. Col. Lane who came down also advised us to sign. Just after that the Nip commandant arrived interpreter etc accompanied by half a dozen sentries. The interpreter read out the declaration and showed us letters from General Sitwell

and the R.A.F. stating other Senior officers had signed. The result was that we all signed the oath on the spot. They did 1, 2 & 3. yesterday. Smith of No. 3. refused to sign without putting reservations about rights as P.O.W etc. and was knocked about a bit & put in Guard Room as result. Rest of of the camps will sign today. Letters written by General & A.V.M. were in their own handwriting. This also proves they did not leave Java. I feel somehow that I should not have signed, but did not see what we could do after the attitude of the Senior officers of this camp. Wonder why the Nips are so insistent about it. Probably General & A.V.M. were knocked about until they wrote those letters. Later. Apparently everyone in No. 4. Camp has signed the oath.

WED. 8th JULY. An order has been published by Col. Lane to effect that the Japanese commandant gave his word to him and Lt. Col. Crafter that the signing of the order by us did not affect our allegiance to our King & Country whilst P.O.W. & I presume the matter is

now closed all have signed. A Jap official is supposed to be inspecting the camp this morning.

FRI. 10th JULY Out on working party yesterday. Wiring round cocoanut plantation being continued presume they are going to make dump there.

WED 15th JULY Two more deaths the day before yesterday. Lot of people have a type of flu at present

FRI. 17th JULY. Out with R.E. fatigue on hospital this morning. New hospital does not seem to be making as much progress as it might. We have now been in here nearly 4 months, suppose we have a bit of time to do yet, but I do wish an offensive would hurry up & start. Sometimes I feel we may be in here for an age. The most fantastic rumours go round at times about what is going to happen. On the other hand there are plenty of people who have been prisoners for 2½ yrs. in Germany, probably under worse conditions than ours. Last letter I had from home was written

what has been going on since then
Had about 3 cables at the beginning
of the year that is Jan & Febs Japs
have allowed considerable extra numb
of people to go to Batavia Hospital.
Rice ration has been a bit short
lately.

SAT. 25th JULY On working party yesterday
went out to the seaplane base on an
invasion barge. Nips are demolishing
Dutch earthworks and having a
general clean up. Seaplanes and
the two hangers which were demolished
by the Dutch appear to be untouched
as yet. We had another good
concert on Wednesday - talent is
getting a bit short now. Have decided
that careful budgeting will see
the three of us as far as the end of
1942 what will happen then remains
to be seen. Maybe we shall be
free by then

SUN 26th JULY Dedication of Church took
place this morning. Big parade present.
Star Gazer had said service would
be disturbed by noise of friendly
aircraft. Need less to say, he was wrong.

WED. 29th JULY. A bit of trouble seems to be going on between us & the natives. Soldiers who have been buying through the wire have had their money snatched away without getting the goods. On the other hand cases have occurred of natives being beaten up and the goods taken from them. Case of each has happened this morning. Andy is down with malaria again - is having long course of treatment this time, which entails staying in bed a fortnight. One or two people seem to think the Japs will pay us when they know there is no more money left in the camp. It seems that there is still quite a bit left, by the amount of stuff that comes in. R.A.P.C. have got their accs straightened out a bit & have signed statement saying I drew 150 guden and also what my movements were in this country

SAT. 1st AUGUST Bank Holiday week-end but it will not make much difference to us. Went on cooking party with 20 men yesterday. Nip soldier gave me a bottle of whisky & they gave out 2 more to men. Jap soldiers

are apparently going to be billeted in the godowns. Rumour has it at present that we are going to be shifted away from here shortly.
MON 3rd AUG. Current rumour was given to Col. Ross Thompson at docks by Jap officer. It is to the effect that were are going to be sent to Portuguese E. Africa (Lorenzo Marques) about the 12-14th AUG. Name of neutral ship to take us has been given. Undoubted most of this is untrue although in my opinion it may possibly mean a move of some sort certainly not to Africa though
WED 5th AUG Japanese issued first air raid instructions yesterday & we had a short black out last night. This is the most hopeful sign we have seen for a long-time. I hope we get a raid over here some time, it would cheer us up a lot. There is very little to be cheerful about these days, although I suppose things might be a good deal worse. There was a plane over about 4 am on Monday, wonder what it was. One or two cases of tonsilitis are breaking out in the area.

THURS 6th AUG. There was an air raid alert at 0015 to 0030 this morning but may have been a practice.

MON 10th AUG. Working party on Saturday. Clearing up area dumps just on other side of creek from here. A high Jap officer inspected the camp this morning and Austin was fussing around like an old woman as usual. Jap did not come to this camp anyway.

WED 12th AUG. Current rumours about move very shortly still fairly strong. I wish they would not keep starting really, as they tend, if one is not careful, to become the main factor in life. It is difficult to retain a sense of proper proportions in an existence like this. Petty jealousies and spites also loom very largely at times, and I wonder how we shall finish up if we are in here for a long time. It is now over 5 months since the capitulation and we have spent 4½ in this camp. It is all very disheartening, but I am still in fairly good health, for which I really am thankful. We often talk over past times and what might have happened had we

left here. Might have been much worse off for all we know

MON. 14th AUG. Out on working party at oil depot in Priok on Saturday. Americans were also out there. Had long talk with one of their officers from Bicycle Camp. Things there are much the same as usual. A new camp to hold approx 2000 (supposed to be British) has been completed 15. S.W of Batavia. Only attap huts and in rather a bad position. Yanks had been told it was going to be occupied by 15/8, so does not seem as if it is going to be us who move there. Also had talk with Aussie P/O. Some Aussie prisoners were brought up from Timor a fortnight ago. They say there are still about 300 Aussies in the interior of Timor, who get supplies dropped by parachute, are in radio communication with Darwin. Japs are having a big A.R.P. practice till the 19th. Sirens going at all hours of the day.

TUES 25th AUG Last week has been very quiet. I have had a spot of stomach trouble and was off duty for a few days. All rumours about move have died down. Food has been pretty bad.

FRI. 28th AUG. Japs had us out for a count from 11.30 pm – 1 am this morning. All figures correct first time strangely enough. Three people from No. 3 Camp were caught down in T.P. by native police whilst going out from "Mac-Mac". No news as to what has happened to them yet. They may get knocked about a bit but doubt if much worse will happen. There have been 3 deaths in the last 4 days. Two from malaria and one Cerebo-Spinal fever. The malaria menace is somewhat grave at present

TUES. 1st SEPTEMBER And so we get into yet another month. It will be six months since the capitulation next Sunday. No. 3 Camp have been paying for the 2 blokes being out. Race as O.C. and O.O. of that day are having 15 days solitary rest of Camp on 5 days fatigues. On dock party yesterday. Remained at N4 H.Q all day.

THURS 3rd SEPT. A notice has appeared on the board from the Jap commander of Prisoners in Java which states that everything is now established and the commander (Maj. Gen) hopes to meet us soon. Also states that we must obey all orders given to us so that the

honour of our countries is not impaired. It is written in a queer sort of English. About 3 months ago the Jap corporal i/c cookhouse got about 4000 tins of milk from the docks, which was to be used for hospital cases & ill for any other food. The store has been periodically raided since then in spite of several efforts to stop it. One raid the tiles were taken from the roof and the milk removed that way. Two days ago about 500 tins were pinched and of course a search was made & a good deal recovered. One of the culprits has been caught I believe.

FRI. 4th SEPT. An egg racket started a short time ago, eggs at 4cts each and Col. Russell made an order forbidding purchase at more than NAAFI 4cts., but he has had to cancel the order as Col Dobbin has bought at 4cts. It is all very amusing.

MON 7th SEPT. Out on working party Saturday. Japs are wiring off a new dump near the original grove. Work very easy, about 2 hrs all day. Japs had big inspection on at their H.Q. in the docks. We have had no rumours of late, since the "Star gazer" resigned I suppose

FRI. 11th SEPT. SUN. 13th SEPT. Some more stores were stolen from the cookhouse on Thurs night and the N.Zs corporal i/c was fairly raving. We organised our own camp searches as N.Zs said there would be reprisals if stores not returned. No reprisals were taken in spite of failure to find. They will take severe measures in future though. Apparently we are now going to be paid. This was given out at Guard Room at 2115 last night. Whether it is for working parties only and what amounts are at present a matter of rumour. Still a few cents per day will be a great help. I was on working party yesterday. We unloaded a few bombs from railway trucks on to lorries in the morning. After dinner all the party was hurried back to camp. General assumption was we were being sent back because a convoy had come in. At any rate, 2 cruisers & 2 destroyers arrived in the morning and transports rumoured. No. 4 & 8 camps are to have breakfast at 6 am tomorrow & they have no working parties out today. Got an idea there is going to be a big search. Chess is

becoming very popular in the area several camps have chess ladders, and a lot of people are learning.

MON. 14th SEPT. Five hundred people left the camp at 8.30 am. Orders came round yesterday afternoon for them to move. Party was from Nos 4, 8. & 22 Camps, Subs from 4 & 5 from 8. Cols Russell & King have also gone. The Jap Commandant gave them a talk yesterday saying they must obey orders - look after their health etc. Some say they are going on a ship but most probable destination seems to be Bandoeng. Working party was out at 0500 hrs. There is also a faint possibility that they may come back.

TUES. 15th SEPT. We got word through yesterday afternoon that the party who left were on a ship, presumably for a 3 day voyage and also that there were 1000 Jap troops on board as well as some Aussies from Batavia. As the size of the ship was only 4000 tons they must be pretty well crowded. The way we got this news was a good idea on somebody's part. I believe we are all going to get a T.A.B. innoculation shortly.

WED. 16th SEPT. We are now going to be paid at the following rates. Officers 25 cts Wos Sgts 15 cts. R+F. 10 cts. per working day. Orderly officers also get paid. At that rate I shall get 50 cts per week approx. Various other people, cookhouse, medicals, sanitation etc also get paid. Some at the rate of one day in three and others every other day. It started W.E.F. Sept 1st It seems to me that the system will lead to a lot of unrest in one way and another. Payments will be made every 10 days and there is bags of "bumf" to be filled in. There have been big Jap troop movements in this area recently. Seems that a lot are leaving the island. There are several ships in at present. Maybe this is the story we heard 6 weeks ago that the Jap army was evacuating the island and the marines taking control.

SAT. 19th SEPT. On working party at Gun site near the camp yesterday. Saw two ships arrive in harbour from N.W. during morning. Had talk with English speaking Jap ex Tokio University and who had number of English + American friends prior to war.

MON. 21st SEPT. All our guards were changed yesterday and we also have a new commandant. The new sentries, which come from Japan, I believe, are very keen at present and patrol up and down the wire very frequently. Still, I suppose they will soon get tired of it, and follow the same course as the old ones and come down about once a day. Two Dutch children came down to the wire yesterday and pushed a big roll of tobacco through. A convoy of seven merchantmen escorted by one destroyer sailed yesterday evening. I saw another ship of 5-6000 tons crammed with troops leave K.P.M. dock this morning. The Nips seem to be having big moves at present.

FRI. 25th SEPT. (AT SEA) It is now 48 hrs since we left Java.

MON 28th SEPT We are now in the P.O.W. area of CHANGI, Singapore with 17,000 others. Have been too busy to fill in diary during the past week which has been very crowded. Last Monday night at the No 1 Camp concert we heard a rumour that we were due to move the following day. Tuesday morning lists of officers & men of 1 & 2 camps came from Jap Guard

room. All Kemlin corner was included except Taffy & Andy who have been left behind. We all paraded outside G. Room at 10 am and I was attached to squad of 25 men from No. 2. Camp. At 1 pm we were dismissed with orders to parade again with all kit at 5.30. Afternoon was very busy getting packs and after meal and final round of farewells we duly paraded. At 6.45 we marched down to docks and spent night in K.P.M. godown. At 8.30 am Wednesday we were taken off in invasion barges to a 10,000 ton Merchantman the S.S. "Nagara Maru" and Subedar room. The voyage was far better than I expected. I was quartered in the forward hold which was very cramped for sleeping. However we were allowed on deck all day and I managed to sleep above, also there were a number of Jap troops on board. The food was a very good rice and thicy stew, far better than T.P. Tea was obtainable all day. At 2 pm Friday we sighted Singapore, Cathay Buildings the first landmark seen.

THURS OCT. 1st. We took a long circle round by S. E. Johns Island to come

in, and it was 6 pm before we passed in between Blakan Mati and in to Empire Dock. About an hour later we left the ship. All baggage was brought out by lorry. At 9.15 pm the rest of the party commenced the march out here a total of 16 miles. About 6 am I got in a billet in British Bn lines and was quartered in their mess. Next day (Saturday) was very busy finding kit and my section was living somewhere else. We also met Col Russell who came on the first Java party and now the 2 parties function as one. Have seen Capt Barrett who runs the "Information" Bureau and went up had had a look through roll of Beds & Herts See Tom Wells was killed. Have heard a lot about what happened in Singapore after capitulation. The camp here at Changi contains 14,000 while a further 20,000 or so have been taken to work down in Singapore. Others are in, Burma Bangkok, Saigon, & a party left a long time ago for Japan. Food here is much better. Have met a lot of people who I knew here before. About 800 women & kids are in Changi prison. Which brings us up to date. Col Russell had an inspection of the troops this

morning. All the Java people are moving on the ~~first~~ second or third. Much speculation as to our destination. Some say Lorenco Marques & think Japan myself. Capt Shey has just told me we are having a medical at 1430 tomorrow.

SUN. OCT. 4th. We had our medical inspection on Artillery Sq. day before yesterday, which seems to indicate a sea voyage of at least one week. The guards from Java were there also. Opinion seems to be for Rangoon or Saigon rather than Japan. Saw "Franky" yesterday for about an hour and "Bunny" Austin on Friday. On our march down to Artillery Sq. several people were hauled out of the ranks for not saluting the Sikh police. A number of the Indians have gone over to the Japs but mostly remain loyal. We have written post-cards home of 24 words which is something, and we are supposed to be getting Red Cross parcels.

FRI. OCT. 9th. I am writing this in the fore-hold of a 6000 ton ship. It is a bit dark and very hot. We left Changi yesterday at 12.30 pm and

went down to Keppel by lorry. Got on board S.S. Nichi Maru by 3 pm. Much more crowded than on last trip, otherwise much the same. We had an issue of Red Cross stores in Changi - 2 tins M&V. 4 tins Bully - 1 tin Fish - Sugar and 65 fags. (1) No-one seems very sure of our destination but I think it is Kuching or Miri, probably latter.

THURS. OCT. 15th: Now in 2/15 Punjab barrack in Kuching. Came in about 1630 on 13th marched 2½ miles in tropical storm. Transhipped on morning of 13th to small river boat and came up to wharf at Kuching. Saw Rajah's place on way up. The guards here are ordinary soldiers and some of these "boys" (like T.P. replacements) who appear to be very nervous and are obviously under instruction. The commandant seems OK and read us out a speech. After this the troops were dismissed and the Jap admin officers were introduced to all the officers in the Bn. (1) The assistant commandant is a very "nice" chap and expressed the desire of them all to be our friends in spite of the P.O.W. question. There are also interned

here, the white civilians of Sarawak and some Sisters of mercy who are French, Portuguese, Chinese etc. ⊙ The Japs have given us 2 days to settle down. All personnel have been reformed back into regts and I am at present without a job, just waiting for one now. Lot of trouble yesterday re handing in of tins of R. Cross supplies. Three Sgts up for C.O. for flatly refusing to return same ⊙ Roll call took 50 mins this morning and 1 hr last night. Food a bit haphazard just at present.

SAT. OCT. 14th. Camp organization now settling down. Have been attached to D. Coy. R.A.S.C. for administration. On working party levelling up Nips parade ground yesterday. Nips say they are going to call for 500 men per day from 21st. ⊙ General is going to inspect on 19th

MON OCT. 19th. Am temporarily in charge of a hut and am also Coy messing officer. A Japanese Maj-Gen came round and inspected the camp this morning. Nips are apparently satisfied with what has transpired to date.

Fri. 23rd Oct. We have now started to provide working parties of 500 per day for the Nips. One officer per 100 men. They march to the station and are taken out 4 miles to the aerodrome for levelling the ground: It means roll call is taken at 6 am and I have to go to hut at that hour each morning. The weather is very wet just now although not actually in the rainy season. Find it "very" cold at night - thick blanket required on top. The food is improving, but rice is still a bit short. First two deaths of the camp occurred last night. One from dysentry and the other from B1 Vitamin deficiency disease. We have an Aussie Major & Captain in the camp who were sent down from Sandakan for Court Martial by the Nips as supposed to have assisted people to escape. Both were acquitted.

Sun. 25th Oct. We are having our first short church services this morning. I was on working party yesterday. Walking round all day in 3-4 inches of mud and water. The train we go out in is an old shunting engine and about 8 goods wagons. Got covered with soot from the engine, but at least

it did not rain on the way home. Bought three tins of fruit from little shop at railway junction. Japs leave us well alone to get on with the work ourselves. Major Suga had a look round the camp this morning.

FRI. 30th OCT. We have had two more deaths this week. The hospital has been extended by another hut which allows "not so bad" cases to go in as well. Weather is very bad just now, rained all day yesterday. Gave evidence for prosecution at court-martial case on Wednesday. The Japs beat up the internees, for no apparent reason the day before yesterday. One fellow had teeth smashed in etc. The gardens round the camp are now being cultivated and planted with - beans - chillis - tomatoes etc. which should soon bear fruit.

NOV. 1st SUN. Went to church this am. The C. of E. services are taken by Bishop Hollis of Labuan & Sarawak. He is a bit doddering and his sermons are a bit above the troops. It is 2 yrs ago yesterday to the day since I left home. Wonder how long

FRI. 23rd OCT. We have now started to provide working parties of 500 per day for the Nips. One officer per 100 men. They march to the station and are taken out 4 miles to the aerodrome for levelling the ground. It means roll call is taken at 6 am and I have to go to hut at that hour each morning. The weather is very wet just now although not actually in the rainy season. Find it "very" cold at night - thick blanket required on top. The food is improving, but rice is still a bit short. it did not rain on the way home. Bought three kins of fruit from little shop at railway junction. Japs leave us well alone to get on with the work ourselves. Major Suga had a look round the camp this morning.

FRI. 30th OCT. We have had two more deaths this week. The hospital has been extended by another hut which allows "not so bad" cases to go in as well. Weather is very bad just now, rained all day yesterday. Gave evidence for prosecution at court-martial case on Wednesday. The Japs beat up the internees, for no apparent reason the day before yesterday. One fellow had teeth smashed in etc. The garden round the camp are now being cultivated and planted with - beans - chillis - tomatoes etc. which should soon bear fruit.

NOV. 1st SUN. Went to church this am. The C. of E. services are taken by Bishop Hollis of Labuan & Sarawak. He is a bit doddering and his sermons are a bit above the troops. It is 2 yrs ago yesterday to the day since I left home. Wonder how long

it will be before I return. Major Suga has told Col. Russell we are to be paid early this week. Officers getting salaries and men pay for working parties apparently. Our rice ration has been put up by 10%. Another death yesterday making a total of 5 to date

TUES. 10th NOV. One more death last week. Probably would not have happened if Nips had allowed patient to go to hospital in Kuching in time. We got $415 for working pay last week but no officers pay has turned up yet. Whole camp has been in quarantine during past week owing to dysentery. Got a lot of copies of the "Syonan Times" yesterday dated Oct. 3 to 18th mostly. Some of the reports are as follows. 900 of 1800 British P.O.W. saved after the sinking of the "Lisbon Maru" by a U.S. Sub in East China Sea. Various cases of Maltreatment of Nip internees by the British. Solomons may be evacuated by U.S.. Prosperity returning to Sumatra. In all copies there seems to be some emphasis on how prosperity is returning to Malaya under the New Order. In Singapore

the New World and Great World are opening up again. The Jap Consul General in Singapore was put in Changi Jail.

WED. 11th Nov. We observed "Armistice" day by a parade and two minutes silence at 11 am. Apparently there are going to be no more working parties until the dysentry is cleared up so we shall be a bit short of cash. Major Suga told Col. Russell yesterday morning that he gave orders several days ago for officers to be paid, so may be something will now turn up. The medical & cookhouse staff have all been inoculated recently

SAT. 14th Nov. Two more deaths yesterday. One here and the other Lt. James in Kuching. I went to the funeral. All prisoners are buried in a corner of the cemetry down in Kuching. I arrived down there at 2.30 pm and we waited until 5.15 pm before the coffins arrived. There are always 4 or 5 baskets of fruit sent by the Japs as it is a custom of theirs. After the funeral the fruit is given to the poor in the normal way but now it is given to the grave diggers

and beaters. Major Suga always attends. He is going to Singapore soon

THURS 19th NOV. One more death from dysentry this week. Our pay is still "on the way"? There have been several cases of Beri-beri, owing to a lack of vitamins & sufficient. Officers mess is starting up on Saturday. We have been out chopping down trees to get wood for our own little cookhouse

SUN. 22nd. NOV. Big surprise today - we have at last been paid, w.e.f. 16/8/42 Nip paymaster has not yet worked out August so we got 3 months back pay. Rates for Lieut are $85. - Less $60 a month for food and lodging and $10 for savings to be paid after the war when we go home - net monthly issue $15 Todays rates were $255 less $210. Now have in my wallet 45 so feel very rich. Of the monthly $15 there will be further deductions for Batman - Officers mess - troop messing etc. The method of signing was by thumbprint

THURS. 26th NOV. I have had 2 injections against Cholera, recently. On a working party yesterday and had a very nice cup of coffee with one of the Dutch

who live out there (.) A plane crashed when landing today and one a fortnight ago (.) Still much discussion about rates we are going to subscribe to hospital (.)

THURS. DEC. 3RD. Suga came back from Singapore yesterday. He was told there that we can not have any Red + Stores

THURS DEC. 10TH I now have Ben-beri and am supposed to rest as much as possible. Also have disturbed vision and am not allowed to read very much, That is enough regarding my infirmities Our rates of subscription to the fund were fixed by the C.O. and is $2 for Lt. We have received another $7.50.- pay for 16-31 August (.) Work parties are going on as usual. All the old soldiers seem to have left this district now and only the "Boys" are left (.) The W.P. the other day were beaten up pretty badly. Five women and four men have just come into the internees camp having just given themselves up after living up country for nearly a year. Shows the futility of trying to escape from here.

We have had two more deaths

FRI. DEC. 18th Feel I might make some mention now of chaps who I have been most friendly with at T.P. and here. First of all there is Andy who we left behind. Capt. A.A. Duncan A.T.S. I met him in Singapore when I was a Sgt. Not very efficient but very good-hearted in those days. Became really friendly after commissioning and we stayed behind together in Java. Prison life has got him down rather and soured him against everyone in general.

SAT. DEC. 19th "Four more shopping days to Christmas" is the cry we should have been hearing in the normal way. Wonder when we shall hear it again. To continue with yesterdays. Allan Dant was Sime Darby's manager in Sarawak before the war. He talks the devil of a lot, but is extremely clever and one of the best hearted people I know. Steve Day is an Australian who was living in Java. A bit on the noisy side, but living with English for 9 months has toned his accent down a bit. He, like Allan is very big hearted. John Knowles is in the Indian Army, an ex W.O. with twenty odd years service in and

think Japan can hold out many months against the allies then ☺
We have now been prisoners for 40 months ☺

SAT. 2nd. JAN There was a very good concert up at the canteen yesterday, or rather the company made the concert All the internees and the women were there and the Australians. The Japs were very good and left the whole show severely alone with the result a good time was had by all ☺ Very nice to get in some different company for a while. Some sort of row seems to be starting up about the eggs which come into the camp, some one is getting too many and another not enough or some such baloney. We now have a new mess committee ☺ Doubt if they will do any better than the previous one ☺

SUN 3rd JAN Japs were around shouting for a check roll call this morning. The corporal went barging in and upset the R.C. Mass ☺ Account of my cash at end of December was as follows. Cash actually held: $ 42.60 less 21.54 on a/c of table = 21.6 + 12.68 Owing me from Coy = $ 33.42. Credit in mess 8.40 ☺ on table 2.64.

FRI. DEC. 18th Feel I might make some mention now of chaps who I have been most friendly with at T.P. and here. First of all there is Andy who we left behind. Capt. A.A. Duncan A.T.S. I met him in Singapore when I was a Sgt. Not very efficient but very good-hearted in those days. Became really friendly after commissioning and we stayed behind together in Java. Prison life has got him down rather and soured him against everyone in general.

The Japs were very good and left the whole show severely alone with the result a good time was had by all ☺ Very nice to get in some different company for a while. Some sort of row seems to be starting up about the eggs which come into the camp, some one is getting too many and another not enough or some such baloney. We now have a new mess committee ☺ Doubt if they will do any better than the previous one ☺

SUN 3rd JAN Japs were around shouting for a check roll call this morning. The corporal went barging in and upset the R.C. Mass, Account of my cash at end of December was as follows. Cash actually held: ₱ 42.60 less 21.54 on a/c of table = 21.6 + 12.68 : Owing me from Coy = ₱ 33.42. Credit in mess 8.40 a on table 2.64.

TUES 5th JAN. Working parties have changed now. Instead of going to the 'drome they go down to Kuching, clearing ground by the river. Think it will be all right for buying in due course. A Sgt was caught over in the internees camp last night so expect there will be some repercussions. The Silly Fool went over before it was dark.

SUN. 10th JAN The last few days have been very quiet and dull. We have had a tremendous rain fall.- Yesterday and last night almost without ceasing. Food also very poor - 2 days no meat issue only some small fish. Rice ration down and fat for cooking very short. Russell is not quite the chap I used to think. There have been several little incidents which make me think he is no better than the rest. Glad to say that today has been finer & brighter as far as food is concerned. Have read Monty Campbell's diary of his trek in the Malayan jungle after being cut off by the Japs. He certainly had a very tough time of it. As it all turned out he would have been far better off in Changi now.

WED. 13th JAN. I think the statement that we have had 23½" rain in the last 24 hrs (9am-9am) will convince anyone there has been nothing doing outside the hut. The peak period was from 1am - 3am on 13th when 3 or 4 thunderstorms merged directly overhead and 4½" fell in the 2 hrs. The figures seem fantastic but have been measured correctly in a bottle & I have spoken to several people who know this part of the world and they all say 8-9" rain in the 24 hrs so probably someone had a 'pee' in the rainfall bottle.

MON. 25th JAN. Nothing much for the last ten days & it was moonlight last week and we walked around the camp until the early hours on one or two nights. A Jap sgt from over the road got very tight one day and created quite a lot of trouble. Struck Russell in the afternoon and a number of others. In evening hit their own sentry and took the rifle from him. All egg schemes have now broken down and we can buy what we like for ourselves, so propose to have one a day while funds last

I have lost a lot more faith in Russell over the show. It seems to me the responsibility hangs mainly on his shoulders. The weather which was fine for a few days about full-moon has relapsed again.

SAT. 30th JAN. Went out on working party on Tuesday. First time out of camp for two months. Had a very good day as Nip in charge allowed me to walk round large area on my own. He took me in a shop and sat down and waited while I bought what I wanted, and tried out Malay. I got quite a bit of washing soap which will be very useful as issues are very small. Suga came down and had a look around and I talked with him for about 20 minutes - mainly a monologue on his part of course. Great excitement in camp the other day as letters came in for 22 OR's. They had been sent in June. It at least shows that communications are working and our postcards may get home some time. The total number of sick in camp is now 613.

MON. FEB. 1st Another death in Kuching this morning - a chap who should have died a month ago really but made a grand fight for it. Spurway was hauled off by the Nips on Saturday, presumably for questioning. He has lived here 19 years, so they probably think he knows something interesting.

WED. 10th FEB Much of interest has happened during the last week so must go back a few days. Last Thursday was a wet day and we were all in the Hut at 12 noon when the call went for all officers and we were told that 100 sick were arriving from Singapore and we had to be ready to move to 3 huts ¼ mile distant, by 5 pm. All contact with the men to cease. We have one batman for five and three cooks and fatigue men. FRIDAY. Eventually did not move until this day. Most of kit, beds etc had to be carried which necessitated several journeys. New camp had no light or latrines and water 100 yards away. Got a few shelves up and more or less settled in during afternoon. Still

drawing rations from old camp so went on evening ration party.
SATURDAY. Usual first day activities of new camp. Mess furniture ready for evening meal.
SUNDAY Big parade at 8am of all prisoners in Kanes, where Suga read out his little speech of condolence. Steve, Allan, and I did most of electrical wiring for the mess and had a busy time climbing around the rafters as we had no ladder.
Which brings us once more up to the present. We have a certain number of fatigues to do here, but I think most people are glad we are no longer in charge of the men and they seem to be getting on OK without us. R.S.M. is now "C.O." Bn Clerk is Liaison officer, and O.Sgt is O.C. There is some speculation as to why. The Nips have removed us from the men, but nobody seems to have come to a satisfactory answer yet.
FRI. 12th FEB. It has been very wet the last few days which makes the path to the road almost impassable. I have not yet spoken of Barbed Wire which plays a very large part

in our present existence. Besides keeping people from getting in (and us from getting out) it is used for electrical purposes, drying lines, support for mosquito nets, cut in short pieces is a substitute for nails.

SUNDAY 21st FEB. Weather has cleared up a bit and we are at full moon once again. Kettlewell has produced another "Heath Robinson" rice grinder and Steve & I have taken on the job of grinding. Find it hard going at present. Were paid on Friday for Feb. The Nip pay department seems to be fairly efficient. There have now been 18 deaths since we came to Kuching. Suga has gone up to Jesselton.

FRI. MAR 5th Life going along fairly smoothly. A bit of daily rice grinding is certainly making me feel fitter than of late. There have been various happenings in the men's camp. A fairly big cookhouse racket on various things developed after we left with R.Q.M.S. and Senior N.C.O.s well involved. Today we heard that a CH was under arrest

for eating hospital rations of K. Hijau
All the men's pay and our subs
and 3 watches were pinched by some
bright spark yesterday. Farmer (paymaster)
is just about shedding a litter of
pups apparently & Nips have been
told so no doubt culprit will
get it "hot"
MAR. 6th SAT. No sign of missing money
yet which amounts to $2000 or more.
Japs have said if culprit does not
confess in five days, and eventually
caught, will be executed
FRI. MAR. 12th The stolen money is
being returned in dribs and drabs
ie. hidden in sock in bats etc. and has
now all been returned with the
exception of $90. A number of internees
have arrived today from Pass Peloh
WED. MAR. 17th Farmer and Waiting came
down yesterday for the first time. From
what we hear from all and sundry
R.S.M. is not running the camp as well
as he might but I suppose he has
a very difficult job to perform.
Only a small amount of money
and the three watches are now
missing and I do not suppose
they will ever be returned &

According to stories, a lot of prisoners of all nationalities have passed through Changi on their way to Bangkok and Formosa. Apparently a road is being constructed somewhere through Siam from East to West.

SUN. MAR. 21st. We have had our pay for March this morning. Last night there was a concert on the Square attended by internees and P.o.W. Turns were given by artists from all camps. The women's choir was very good. They turned out very smartly and a little bit of paint and did it make a difference. The kiddies went on and sang a couple of nursery rhymes. The best turn of the evening was a seven act revue by the men's camp. The whole show lasted 2 hrs. Mrs. arranged the seating very "cunningly". On our return at 9.15 we had a bottle of attack and one of Ginger Wine to warm the cockles of our hearts. John Knowles distinguished himself at dinner afterwards by giving a shrill whistle which was followed by a deathly silence! Wonder we did not get thrown out.

MON. MAR. 22nd When Suga went to Sessbler he took an exercise book with short messages from people who wished to communicate and it has come back with replies. In addition to rice grinding do potato scrubbing in cookhouse on occasions. Moon is up again, full last night, so do not often go to bed before 12 midnight. We saw both the "Great Bear" and the "Southern Cross" two nights ago. Not many places in the world where one can do that.

TUES. MAR. 23rd Saw seven "Fighters" come in from the North this morning. Have also seen a dentist, from the internees camp. Require two stoppings and hope they may get done sometimes. A number of people have been troubled with scabies of recent weeks. We should be in the dry season now, but still get a fair amount of rain, but not as much as formerly. Nips have been creating again about our not saluting.

THURS. MAR. 25th Major Suga is back and came down yesterday morning. Six arrests have been made in the men's camp over the stolen money. Understand that five have confessed

their guilt. Got up at 7.30 am today to help make netball pitch. Now have "entertainments" every Wednesday in mess. Horse race and "whist drives" with refreshments.

TUES. MAR. 30th. Edwards is our P.M.C. for the next quarter, think he will make a better job of it than Gardner who was nearly "thrown out" three weeks ago. Turtle eggs made their appearance for the first time last night. Rats are still very troublesome. Rumours which we have had about Javanese going, materialized today when we saw them wearing Nip hats and shirts. Supposed to be going on Police work - many say they don't want to go. Got some odd bits of furniture etc from their huts.

THURS APRIL 1st. 500 Aussies & 500 English arrived today. 20 officers of each as well so we may get more in here. Over 200 Aussies temporarily in 2 huts Javanese used to occupy. Huts being built for some. - Doubling up in men's camp. - arrived in rain as usual. Much rumour & news. Letters supposed to have come. - Changi nearly empty. Food deteriorated no meat for long

time. Prisoners supposed to have come through from Priok and gone up to Thailand. Prisoners in Changi have been given books & Suga told us the other day we could not have any. He also said our "walk" was be thought about. Aussies may go on to Tessleter. Malaya Command are still in Changi. 18 Div has gone up country which presumably includes Beds and Herts. Lot of Red + Stars got to Changi from S. Africa.

SUN. APRIL 4th Yesterday the British officers of the party ex Singapore moved in here. Number 19 all told. Have all been in Changi since fall of Singapore. - Two majors and one colonel in party. Lots of people have had letters posted last July - hope we get some. Only 10000 to be left at Changi. We are just a bit crowded in here now. Newcomers remark on bad morale of troops here. Java Bn. officers had dysentry "Jag" on Friday and it knocked out a few of us - had a rotten head all day yesterday and very sore arm also. One of the new majors has disconcerting stare. Russell still in charge. Lots. New officers have been told off

$25 monthly, same as all Changi officers so looks as if Nips are working racket here. Aussie got killed yesterday on live wire on electrical pole (which has been like it for 4 months).

THURS. Whist drive last night. Have now had our two jags - thank goodness we shan't have any more for a bit.

SAT. APRIL 10th The Javanese are supposed to have left Kuching by boat. Also 250 of people ex Singapore have gone up to Dalan. Maybe natives will come down in their place. Aussies have gone to Sandakan.

TUES. 13th APRIL The Javanese have come down from Dalan and it looks as if the old times are back again. Have purchased 50 bananas this week. Major of Japanese H.Q. staff inspected us yesterday and we had to get on parade for him about 3.30 pm - damn nuisance. People from Changi were shocked at very low condition of the troops here.

TUES. 20th APRIL Paid for April last Sun. People from Changi are now getting paid at lower rate. Moon is nearly full again, last night brightest I have ever seen. There is going to be another concert for Easter. Never

get any sort of privacy in this place except under net at night. Even lats have cracks in boards. Urinal very public - always dozen others in hut Had some queer fish lately, Shark yesterday cuttle fish today, both good. What will it be tomorrow - mermaid?.

SUN. 25th APRIL. EASTER DAY. Went to service at 7.30 in mess. Suga came down and stood for a short time. At 10 am there was the unveiling ceremony of a stone given by the Japs in memorial to those who have died here. Held in Kuching ceremony. Attended by officers - troops and internees. Suga gave a little speech in his usual style. Japs gave us a few extra rations - lights on to 11 pm. Troops working parties now every other Sunday. Internee caught in men's camp other night sentenced on three charges. Sent away for ten months

WED. 28th APRIL Jon Westwood came back from Kuching today. Apparently conditions there are fairly good considering. He has put on 16 lbs wt. in 14 days. Plenty of meat etc.

FRI. 30th APRIL. Japanese Emperor's birthday

celebrations yesterday. Were given toffee and bananas. Another concert on Square from 6.30 - 9 pm. One of Malays sang a song in English. Women + kids etc as before. This morning a Major Gen. the military governor of Borneo came to inspect the camp. Did not come down to us, but we were all on thorns. Suga turned up at concert last night wearing whites and panama hat — image of Charlie Chan. Russell had an orderly room this am - one of newcomers put one of us on stupid charge. which was dismissed.

FRI 4th MAY The number of letters which came from Singapore with last party was about 500. John Mellor only officer to get one. They were written in July and at that time people in England did not know we were prisoner

SUN 6th MAY. Suga had gone to Jesselton today and taken the message book again

SAT. 15th. MAY. Suga came back from Jesselton after 2 days and was down here yesterday morning. He always comes down before 8am. There are wood parties going outside the camp now. Nasty incident of Mackie being hit on the head. Rumour of shit coming in today. 24 yesterday - do not feel much older. Had a cake of sorts.

SUN. 16th MAY Japs have been getting rather nasty of late. Jap R.S.M. told Plums off on Tenko parade this morning.

THURS MAY 20th Indians brought down from drome and pressure applied by Japs to make them join "Free Indian" army. Subedar & Havildar badly knocked about - we put in protest. Punjab officers sent for by Nips and harangued a bit. Two days later Nips say we can have no Canteen stocks for a month as reprisal. Neither can we go brass band concert tonight. This band is from Tokyo & on tour of S. Regions

FRI. MAY 28th Feeling effects of short ration a bit now. More letters arrived at Nip office but not many for Java officers. A play, Lord Richard in pantry was put on, last Wed. Stage erected in square. Very good show by all concerned.

MON. MAY 31st Some people had 10 letters only 2 for Java officers. How far should we stand up to the Nips after those things like Indians. Hodges has been carted off to Kuching today

THURS. JUNE 3rd. Col. Russell seriously ill in Kuching He had a septic foot and the poison went to his heart.

FRI. JUNE 4th Russell had an operation again and may now stand a chance.

SUN. JUNE 6th Russell died at 3 pm yesterday. He apparently had a bad night and picked up during the morning, and then passed quite suddenly. He will be greatly missed by all. Lt Col Wuister who came from Singapore is now in charge.
TUES JUNE 8th We have had messages of condolence from other camps. Suga made a speech at funeral saying he mourned the loss of a personal friend.
SUN. 13th We had a film on the square yesterday 8-10-15 pm. Mixed programme, main feature Malayan Campaign. Some of the men have had clothing from the ship that came in recently.
Moves took place in the last three days as follows. Women to new camp on football field - fathers to women - Malays to fathers - Dutch officers to Malays.
TUES. JUNE 15th Internee caught with eggs 2 weeks ago. Beaten up - put in Guard Room on Rice, Salt and water - working 6-6 for 5 days. Woman hit for not taking hand off head when bowing to Sentry and threw it at him. Knocked down and fainted, three more took her to hospital and were hit for not bowing properly. Protest registered by internees to Nicanor who agreed Sentry's action ungentlemanly but said women in Japan obeyed their orders.
THUR 24th JUNE. Beating up has eased off a bit. Canteen started again today.
Nip commander of all camps inspected on Sunday - out on parade for him.

MON 28th JUNE. Several people beaten up Sat night for being out after 10 pm. Perry new P.M.C. for next quarter. Canteen stores very few.

TUES. 29th JUNE. Lot of trouble on evening tonko. Westwood hit and fainted. Apology from Nicarts later.

MON. 5th JULY. "Heat" has been turned off now. No canteen stores at all - contractor in trouble with Nips. Hodges returned on Saturday, had a rough time - may have to return

SAT 10th JULY No canteen for 4 weeks as contractor in trouble with Nips. Hope to resume this w.e. News of party at Bakan v.g.

SUN. 18th JULY. Nagai came down this morning. He was originally Suga's adjutant and then went to Jesselton. Apparently the officers from J. are coming here at the end of this month. There are about 40 of them so we may be a bit crowded. Gardens are making good progress. Two notices have appeared re incidents at Sandakan. Two officers attempted to escape but caught same day, court martialled and given 4 years. Another officer hit a guard and was given 6 months penal servitude. Real story of this - the officer was an Aussie boxer and broke the Nips jaw (he died 2 days later). Half a dozen Nips fell on the Aussie and broke his arm. He was tied up and left for two days in the sun. Has never

had proper treatment on his arm, and Kal lost the use of it. Perry is doing well at R.M.C., has improved the netting a good deal. Suga came down on Wednesday am. The C.O. has decreed that all but a few officers go out on wood parties.

SUNDAY 1st AUGUST The diary has been neglected lately. Now do tice grinding in am and wood chopping pm so get plenty of exercise. Am learning Shorthand to keep the old grey matter going. Kucking paper of 20 stated the war had now spread to Sicily. Ten days ago the water supply went off completely for four days and we had to dig a well. Nips supplied water for cooking and drinking. Now it is on for an hour or two per day. It is 3 weeks since we had any appreciable amount, and the supply from the mountains has given out. A sharp shower yesterday eve but no sign yet of a general break. Nips had a snap search last Thursday at 9 am. Took away one or two papers and a compass or two. Also my watch and batteries were confiscated. Our food is on the down grade again now. We do longer get the Kucking paper, reason being given as paper shortage.

MONDAY 16th AUGUST Am getting very slack on the entering of the book but will try

to recapitulate a bit. Aug 5th we had another search, this time by the Jap gestapo and they made a fair job of it. We were searched as we stood on parade and remained outside while they went through our things. Some people lost papers, compasses etc. The whole thing took about 2½ hrs. The Nips are much keener now and the patrol comes round the outside of the camp here at night. Have sold my watch to a Nip for ten bucks. Should like to know what it is all about. By Aug 7th the drought had eased off a bit and we were able to get plenty for washing, but no showers yet. Have had a fair drop of rain since Aug 7th. Yesterday Aug 15th was the anniversary of the opening of this P.O.W. Camp. Day commenced at 0820 with a speech by Suga - said he hoped we would forget our homesickness for the day. Sports commenced with the ladies and children's events at 0930. Nicarter & Eugeta threw themselves into the spirit of the thing wholeheartedly. These were followed by games of volley ball which were run on the K.O. system and finished about 4 pm. The final event was of course a concert from 7 pm - 10 pm. Av which all took part as before. The women looked very charming. Things are not too brilliant in the camp just now, old Swaine is getting a bit cuffy and has had 2 people up to the C.O.

Suzuine seems to use a crown for the advantage of being rude to people. People live a lot on their nervous energy these days Rations are very short and canteen very poor so do not feel quite as good as I did 2 months since when was on top of the world.

SEPT. 1st Have now taken to entering up diary every ten days or so as I keep it away.

Sat. 21st Aug. Shey was called to the office during the afternoon and told that 34 officers were coming from Sandakan in 4-5 days. We asked for more huts but were told it was doubtful which meant mess would have to go. After evasive replies we got a final answer on Tues 24th. This was that no more accomodation was available. S. people arrived on 25th am. We now feed in huts, food brought by Batmen, bit crowded 44 in. hut now. Still it was good to hear odd bits from S. Jess Peter was pretty bad, rate of deaths 4 a day at one time. Nagai was a pretty good commandant apparently. Rates of pay have now been altered and are as follows for Lt. Gross $85. made up of Lodging $20 savings $40 net paid $25. Ten dollar rise is welcome. Order from Nip office yesterday says all tinned stuff to be consumed by 10/9. Considerable trade at present

Gardens now going well under Capt Green. Canteen improved but erratic. Nips left us fairly well alone of late but Vincent hit on Sunday night.

WED. SEPT 16th Still going along fairly quietly. Weather has broken up a bit and there has been a bit more rain of late. gardens are making good progress. A lot of rumours in the last two days but no reason to believe same.

THURS. 1st Oct. Weather has now broken up considerably and it rains almost daily. Petty is in as P.M.C. for a second term - returned unopposed. About the best we could get for dealing with Wheatley etc. Kettlewell now in as messing officer. About a month ago the C.O. had interview with Suga to see about canteen etc, and a week later Allan and J.P. had one with Tokens and as a result the canteen has improved a bit. Plenty of potatoes, prawns, etc. but fruit still lacking. P.R.I. fund to men has been stopped by Suga on orders from Tokio. Allan Dent had letter from his mother in S. Africa, 2 weeks ago. Was posted in March 43 so assume postcards from Changi got home. Allan got beaten up yesterday; I was with with him but got off

SAT. Nov. 13th Life going along fairly easily of late. Japs have left us note or less alone except for one or two incidents. One of our number was accused of speaking to an Aussie, whilst on a wood party and had a night in the guard room. A couple of people have been hauled out for smoking and had to stand to attention for a couple of hours. November 3rd was a Nip festival for the anniversary of an Emperor and we were allowed to have concerts in our own camps. On the 11th we had the traditional silence at 11am. Am I becoming cynical I wonder, but I do not now see a lot of point in trying to remember something I never knew. especially when I am in the hell of a mess myself. Surprising too how one's writing changes from time to time Our wood parties now go out on Tues and Wednesday, there are still a fair number of sick so most people go out for two days. The gardens are producing a bit of stuff now. Shorthand going on very steadily, am starting book-keeping very shortly. The weather has not broken up very much yet except in short periods

1944 JAN 4th. And so into yet another year. I think the last can be written off as another dead loss. The wet season is passing fairly well in spite of the fact we have no books. These were called in some six weeks ago to form a central library and have not yet been returned. Chess and Monopoly are played a good deal in addition to Bridge. The ration and canteen position is very poor, only one canteen a fortnight in future. We managed to cheer up the festive season a bit. Xmas Eve we should have had a concert on the square, which, owing to rain, was put off for two days. Xmas Day we had a piggy. The Dover Road "held in our hut. This entailed a good deal of work moving beds but was well worth it. Boxing Day morning we had a race meeting on the square, our own that is. New Years Eve we had a "party" in Artillery corner of No2 Hut which lasted till 11.30 pm. At 12 we all went out to sing Auld Lang Syne, and then to bed.

1944 Sept 3rd Five yrs of war - and may it soon be finished. We are celebrating with dinner and concert on the square tonight.

For various reasons have not written in this

look of the past year. Anyway it would only be a record of steadily deteriorating health and food. My own strength is not what it used to be a few months ago. Our own garden produ a good deal of our own food. Rice has been cut by 50%. Have received 45 letters since may and all was well at the end of January this year.

1945. September 2nd. Sunday

Freedom is now very near, in fact we hope ships for our relief will arrive this week. Thank God the war is at last over and one can look forward to returning home in comfort. The past year has been pretty hellish to say the least of it and God alone knows what the troops must have suffered, what with starvation rations and working parties seven days a week. For the past year we have all been getting steadily weaker owing to the continual decrease in rations and had the end been any later our numbers would have been considerably decimated. It is difficult to collect ones thoughts and put them down in order coherently, so great is the relief of knowing that days of starvation (and captivity) are almost gone. The real thrill will of course be when the relieving Australian

troops arrive and we are completely free to wander as and where we will. FREEDOM. What a word and one has to spend 3½ years behind barbed wire to really appreciate what that word means. Now I must try and put down some of the most important events in our lives which have taken place during the past year. Before I do, I must register the fact that I am thankful to the fate & chance which has allowed me to be alive and whole at the end of a six yrs World War in which hundreds of thousands of people must have lost their lives. At the present moment I am very nearly as fit as I was when taken prisoner, except for the loss of a certain amount of weight, my lowest was 7-11 lbs. Yesterday I turned the scale at 8-11 which included a gain of 8 lbs in 4 days which shows what a little bit of good feeding can do for one. Anyway, to get back to these events.
