27/2/19- Lucy Macieira, Lucie Dallas, Stephanie Stroker and Callum Watts

- Lucie likes the idea
- Ties in nicely with their anniversary party week
- Happy for two tribes to be used as a venue
- Maybe use EPA systems for the sound, get Manny on the desk?
- Two Tribes confirmed as the venue, happy to host us and support the cause
- 11th April set as the date, ties in with Give A Gig Week too, so that's extra promotion for the charities

04/03/19- Cat Pereira, Stephanie Stroker and Callum Watts

- All roles divided up on the spreadsheet
- Everyone is on board and will look at finding acts to perform
- Steffi? To make playlist based on acts to play during changeovers
- Cat to work on theme, maybe look at backdrops? Stage looks bland without it
- Could get a banner done, or we could just go super basic with a black sheet behind
- It is done for charity so budgeting needs to be super tight
- Callum to chase partners (ICMP, TYE, Soundskool and Urban Development)

06/03/19- Cat Pereira and Stephanie Stroker

- Worked on the stages and overall designs, Cat should have these ready by next week
- Steffi has looked at budgeting for it, should be able to do it for roughly £500 max
- Callum can you chase connections and ask for donation? **Yeah, can do.**
- If we get a donation where shall the budget go?

07/03/19- Cat Pereira, Stephanie Stroker and Callum Watts

- Donations are possible, but we would need a harder proof of concept
- Acts to be confirmed by next week as Two Tribes want to push ahead with their marketing for this
- Callum to chase acts for technical specifications and confirm the sound engineers etc.
- Steffi to budget according to donation
- Cat to finish branding and touch up so TT can go ahead with their marketing and TYE can help us with the push out.

13/03/19- Lucy Macieira and Callum Watts

- Give a gig week needs to be confirmed
 - Lucie Dallas needs updating
 - Lucy to chase urban development for a reply
1. ELEVENS (45 mins)
 2. ICMP (Zabel?)
 3. Tileyard Ed (30 mins)
 4. Urban Development (15mins)
 5. Soundschool (15 mins)

- By next week we need everything confirmed
