

Task 3 – Source Evaluation Template

Student Details

Name and student ID: Romeo Ianus (2545807)

Topic chosen: Teamwork

Title of source: "Is there a "Big Five "in teamwork "

Author(s): Eduardo Salsa ,Dana E .Sims and C Shawn Burke

Year published: 2005

How did you find this source?

(e.g. Google Scholar, library database, google) I found this source using Google and looking for an academic article about teamwork.

Why did you choose this source?

(Think about relevance, credibility, usefulness) I choose this source because it is directly related to my topic, teamwork.it explains important things that help teamwork well, such as leadership, communication, helping others team members, adaptability and team orientation.

Is it relevant to the topic? Yes it is relevant because the article focuses directly on teamwork and team performance

Is this a useful article? Yes it is useful because it gives information about the main parts of effective teamwork

Is this an academic source? Yes .it is an academic research article published in small group research, and academic journal. the article has academic authors and references to the other research

When was it published? Is it recent enough? Why? The article was published in October 2005.it is not a recent article, but it is still useful it explains basic ideas about teamwork that are still important today

Author Credibility

Who is the author? What are their qualifications or expertise? The author are Eduardo Salsa ,Dana E ,Sims and C Shawn Burke .They were connected with the university of Central Florida and had experience in psychology,Teamwork and team training .This makes the suitable authors for a topic about teamwork.

Reliability

Is the source reliable? Why? I think the source is reliable because it was published in an academic journal called Small Group [research.it](#) is based on previous research and includes references to the other academic studies.the article also has a DOI which makes the source easy to identify and check.

(Consider journal, publisher, peer review, citations)

5-Minute Presentation Structure

1. Introduce topic and source
2. Explain how you found the source
3. Evaluate credibility (author, date, reliability) - To do so, you will need to respond to the above questions.
4. Short reflection – What did you find difficult about this task?**This most difficult part was deciding if the source was reliable and academic.I had to check the authors , the publication date in the journal.**
5. What did you learn from this task?**I learned that I should not use the first source I find I should check who wrote it when it was published and if the information come from a reliable academic source.I also learned more about the importance of teamwork.**
