Hey man hope you're good.

I've been working on my solo project and I find myself stuck with a couple of tracks and would love if you could help me out.

The first track is called mixed feelings, i wanna go for an electronic, nine inch nails vibe, dark and abrasive.

The second one is in spanish, and I wanted to make this like a very poppy, Rosalia/ Billie Eilish vibe, maybe a bit synth driven, like 1975.

I'd be great if you could lay down some ideas and we could take it from there.

Let me know if you'd be up for it, I got vocal stems and chords ready!

Love

Diego
