Action Against Hunger is what every non-profit should be - transparent, efficient, innovative and compassionate. They are a no-frills organization whose metrics speak for themselves. The organization consistently meets real issues with long-term, sustainable solutions and the money goes where it's supposed to - 93% of donations go straight to their life saving programs. Five stars!

I am proud to be a graduate and agric extension as an area of specialisation in Nigerian University... in fact, from the North-East states of the country where hunger is at it peak due to desertification, shortage of rainfall and ignorance of the people there. 97% of those people from that area (North-East states) speak Hausa which I am also one of them... I am always thinking of what I can do to them, be part of there solution not problem. So as an extension agent, change agent to both rural and urban people my ideas on new agricultural innovations will be a greater help. To all Agriculturist in different part of the world.... your knowledge is important to those people that are hungry.
THANKS I AM HAPPY TO IDENTIFY WITH YOU PEOPLE(ACF).
TIMOTHY MAMMAN YARIMA. FROM YOBE STATE, NIGERIA.

Action Against Hunger has been amazing from the start! They're one of the most efficient charities ever and they're fixing a problem that doesn't need radical developments or transformational technology!

At Kraken Gaming, we've worked closely with Action Against Hunger for over four years, and the experience has been nothing short of phenomenal, every single time.

In our recent partnership, we spearheaded a wonderful program initiated by Christian Pielow at Action Against Hunger called "Stream Against Hunger" that aims to unite the live-broadcasting community to support a noble cause. Christian, particularly, has far exceeded his duties to help us with the program, from making a sensational presentation that captured the attention of thousands to incentivizing donations, planning, management and virtually everything.

The support we've received from Action Against Hunger is nothing short of spectacular, and for any person or corporation looking to make a positive and effective social difference can rest assured that Action Against Hunger is the best charity to work with!
