

Understanding the social model of disability

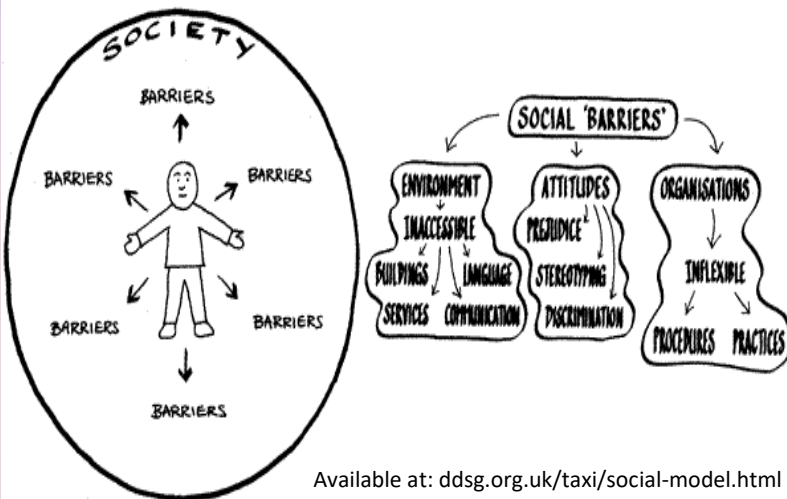

The social model helps us recognise barriers that make life harder for disabled people. Removing these barriers creates equality and offers disabled people more independence, choice and control' (Scope, 2018)

Additional learning needs and education (Wales) Act 2014

'In education, this means that not only buildings but the curriculum and whole school environment should be accessible to Disabled learners'

(The Alliance for Inclusive Education 2018).

THE SOCIAL MODEL OF DISABILITY

What is DIFFERENTIATED INSTRUCTION?

Differentiation means tailoring instruction to meet individual needs.

Differentiated instruction aims to:

improve learning outcomes

inspire a love of learning

increase engagement

increase self-awareness

help students learn more efficiently and with deeper understanding

The Warnock Report

Mary Warnock produced the ideas that became the basis for Special Educational Needs statementing, by producing a report in the 1980s that led to the legislation being implemented, making education for pupils with disabilities, Special Educational Needs, integrative which is now known as inclusive education (parliamentary, 2006)

Equality Act 2010

Protects people against discrimination in society and the work place (UK Government, 2015).

The medical model

Focuses on the impairment being the problem not society.

- ◆ Special Transport
- ◆ Pencils Schools
- ◆ Specialist training centre's
- ◆ Benefits
- ◆ Doctors
- ◆ Medication

Negative Examples of implementing social model.

- Lack of understanding the cause of behaviour example ADHD, Autism
- Inadequate staff training
- Lack of monitoring IDPS
- Understanding social model requirement's

Welling of Future Generations (wales) Act 2015
