DIGITAL SAFETY

1

Whether you call it E-Safety, Online Safety or Internet Safety, they all mean the same thing. Before 2015 the term used was generally E-Safety, but we now recommend the term Online Safety as this better represents the topic it refers to.

introduction

conclusion

you dont have to be scared to use the internet, it is not dangerous at all as long as you use one of the ways to protect your devices from unwanted viruses and you are careful with your personal info.
