

Module Title: Psychology in Health and Social Care

Module Number: BMHP4019

Component 1 – Presentation (7mins) and Supporting Paper (1000 words)

Before reading this guidance, you should consult a copy of the full assignment brief for Component1 which is available on Moodle in the 'Assignment Specification' folder.

Presentation

Title Slide	All of your submissions must include a title slide that clearly states your name, your student number, the module code and title, your lecturer's name, and your assignment title.
Introduction	This section should introduce your audience to the content of your presentation, briefly stating what will be discussed and the context. Here you may also highlight key literature, theories or models that you will be discussing within your presentation.
Activity slides 0 – 2 years, 2 – 7 years, 7 – 11 years	You may choose to have one or two slides for each activity. Include images or diagrams and text to aid the audience. For each activity - clearly state: • what the activity is, • what equipment/adult support will be needed, • if the task is independent or for a pair/group to do interact with. • why the activity has been chosen using literature and theories to support you. You will typically spend between 90secs and 2mins presenting EACH activity and explaining the reason for your choice.
Conclusion	Summarise the three activities chosen and the key theories that have been considered.
Reference Page	All information sources should be listed in Harvard Style with a full reference for each. References should be organised in alphabetical order. You should have used a minimum of four credible and reliable sources of published information.

Supporting Paper (1000 words)

Title Page	All of your submissions must include a title page that clearly states your name, your student number, the module code and title, your lecturer's name, and your assignment title. The words in this section do not count towards your word limit.
Introduction (50-100words)	This section should introduce your reader to the content of your supporting paper, briefly stating what will be discussed and the context. Here you may also highlight key literature, theories or models that you will be discussing within your supporting paper.
Behaviour 1. (250 words) Some children aged 2 – 7 years wanted to join in with the 0 – 2 years activity.	Relevant theories. • Piaget's cognitive development theory • Vygotsky's social constructivist • Maslow's Hierarchy of needs. • Adler's Theory of Birth Order • Erikson's Theory of Psycho social development. • Carl Roger's Humanistic Approach.
Behaviour 2. (250 words) Some children wanted to remain with their older siblings and were supported to successfully join in with activities intended for older children.	
Behaviour 3 (250 words) One child refused to share and was physically aggressive towards other children before choosing to sit alone with a picture book of his own.	
Conclusion (100-150words)	Summarise the possible reasons for differing behaviour within children. Conclude the key theories are important for those working with children to be aware of.
