

BMDS7006

Self-Directed Learning Activity for Week 8 17th November 2022

Read the book chapter cited below and reflect on the given questions. As time permits, also follow up on cited references in the chapter.

Wyatt, J. (2016) "Evidence-based Health Informatics and the Scientific Development of the Field," in Ammerwerth, E. and Rigby., M. (eds.) *Evidence-Based Health Informatics*. Amsterdam, Netherlands: IOS Press, pp. 14–24.

Available at: <https://ebooks.iospress.nl/publication/42812>

- How would you explain to a non-technical service manager what is meant by "evidence-based health informatics" and why we need it?
- Based on Table 2 (page 17), select 5 papers that you have read so far in the course and identify where they fit in the proposed evidence hierarchy and justify your assessment.
