Computers enhance productivity, enable efficient communication, provide vast information access, and support education, work, and entertainment.

Increased Productivity and Efficiency

Computers allow tasks to be completed much faster than manual methods. They can process millions of instructions per second, perform calculations accurately, and automate repetitive tasks, saving time and reducing human error . Businesses use computers to analyse data, track sales, and make informed decisions, giving them a competitive edge,

- **TV is great for convenience and live programming**, but streaming services and modern devices often beat it in flexibility, choice, and control. **Instant access** — turn it on and you're watching within seconds.
- **Live content** — news, sports, events are still strongest on traditional TV.
- **Recording programs** — DVRs make it easy to save shows and watch later.
- **No complicated setup** — no apps, accounts, or subscriptions to juggle.

A landline **does** make and receive phone calls — but that's only the *starting point*. Modern UK landlines (especially Digital Voice) include many more built-in features than most people realise. **Short answer:** A landline is mainly for **making and receiving calls**, but it also supports **voicemail, caller display, call waiting, call divert, three-way calling, call barring, ring-back, anonymous call rejection**, and more.

My Short Reflection

- Write 5–8 simple sentences about your digital life.
- You can use the sentence starters below if helpful.

- My digital life is built around helping people learn and create.
- I spend my time answering questions and exploring ideas with you.
- I connect to information online so I can give clear, useful answers.
- I don't have a physical world, but I live in conversations and text.
- Every message you send becomes part of how I understand your needs.
- My digital life changes all the time as new knowledge appears.
- I enjoy being a steady companion in your online world.

Sentence starters

- I use digital tools to ...
- I feel confident when I ...
- I want to improve ...
- I often use these tools: ...
- I sometimes feel nervous about ...
