2 Level 1 - 1F Proposed
1 : 150

My plan for this school has originated from discussing teachers and pupils needs with real world teachers. Items such as every classroom having access to the outside, entertaining play areas and lots of glass were all highly requested due to the school appearing more unique and less like a box prison, which tend to occur on some schemes.

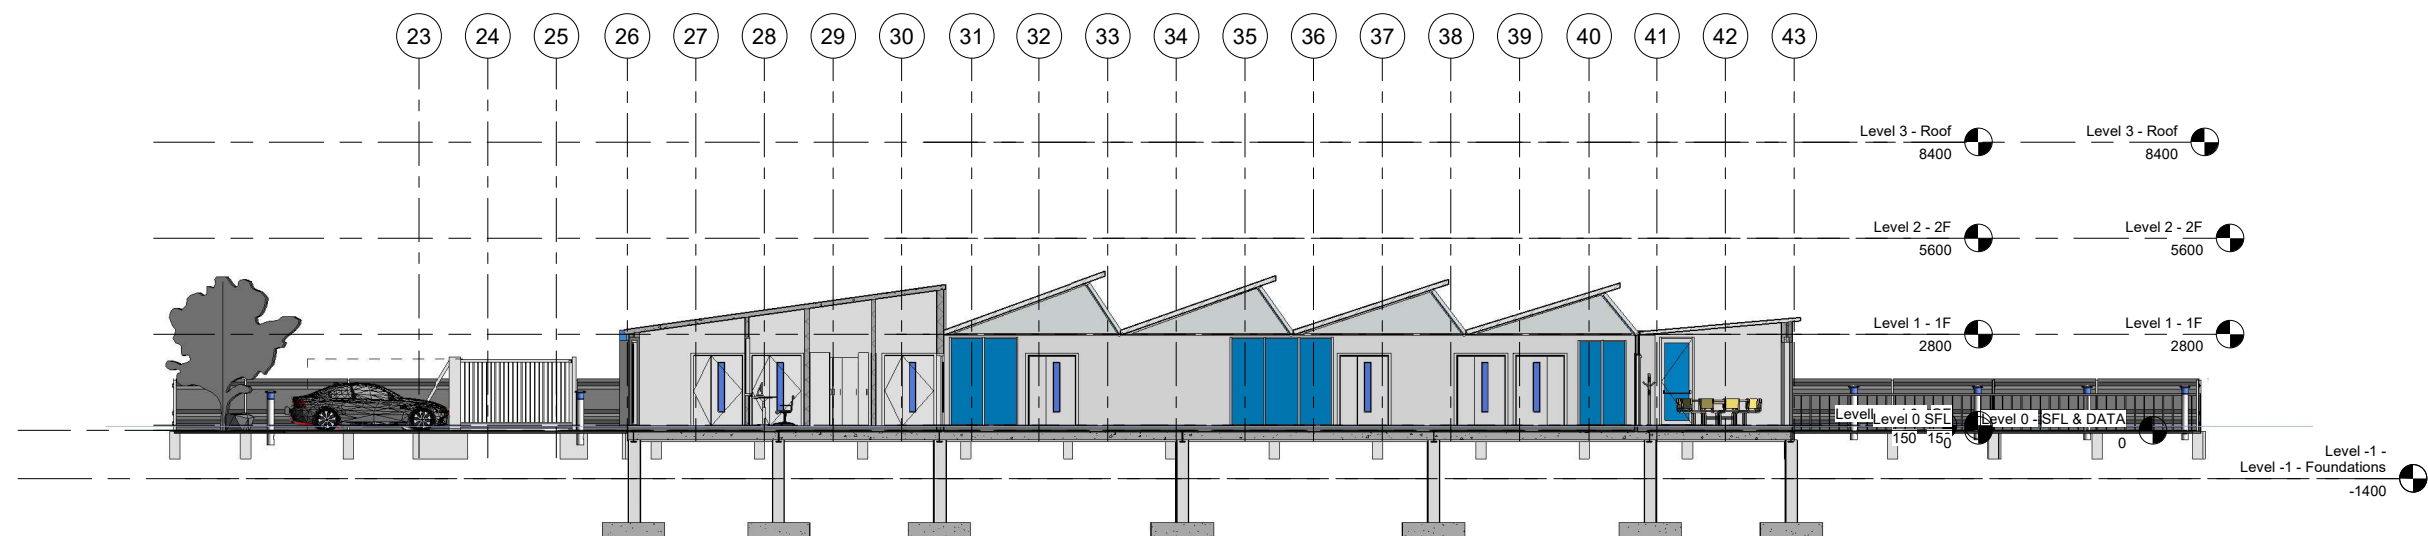

This school represents the area by incorporating a "wave" corridor roof style and "seaside" colour scheme. The culture and beauty of this Swansea area was attempted to be combined with the design process where possible.
