ANSWER TWO QUESTIONS OUT OF SIX

1. Critically discuss the factors that are argued to influence stereotype threat and evaluate the impact this has on stereotyped groups and/or individuals.
2. Is sexism still an issue in contemporary society? Evaluate the empirical research evidence.
3. How successful have psychological interventions been in helping to reduce prejudice and discrimination? Support your answer with evidence from the psychological literature and beyond.
4. Critically evaluate the argument that symbolic racism can explain modern prejudice.
5. 'There is less prejudice in contemporary society than there was 50 years ago' Critically evaluate this statement with reference to evidence from the psychological literature.
6. Critically evaluate whether mental illness is viewed more negatively than physical disability.
