

A very basic template

You Must address these titles

Title Slide

Student Names and student numbers

1

On your first slide, you must include the title of your presentation, this will be detailed in your assignment brief. Under your title you need to include the names of all students in the group and their student numbers. You could also include the module code, module title and your lecturers name. Design your title slide as a group, be creative.

Introduction

Research Question:
-

Name of presenter

2

Your introduction slide needs to introduce your audience to your purpose and content of your presentation.

You must clearly state your chosen research question.

At the bottom the slide, you must clearly state the name of the student that is presenting this slide.

Work as a group to design and write the slide.

Rationale

- Review of existing literature.

Name of presenter

3

You must include some evidence that as a group you have researched the topic area. A minimum of three sources should be used.

Clearly state the name of the student presenting All should contribute to the development of this slide.

Type text here

Proposed **Method**

- (What? Who? How?)

Name of presenter

4

Your proposed method needs to be presented. Your lecturer will guide you regarding the quantitative method that will be advised.

State what questions that will be asked, who you will ask and how you will collect your data.

The development of this section will take place during week 4. Please state the name of the student presenting.

Ethical considerations

Name of presenter

5

Ethical considerations will be explained to you during the week 4 session.

Make it clear to your audience what ethical considerations are and how your group will ensure that your data is collected and analysed in an ethical way.

Clearly state the name of the student presenting.

Research timeline

Week 7	Week 8	Week 9	Week 10	Week 11

Name of presenter

6

A research timeline helps to show when you plan to conduct your data collection, analysis and final report write-up.

State what is planned for each of the final weeks.

Develop this timeline as a group.

Clearly state the name of student presenting.

Hypothesis

Name of presenter

7

As a group, you need to decide what your hypothesis will be. This means, what do you think that you will find out, based on what you have read or understand?

You could begin this slide with, "Our hypothesis is..."

State the name of the presenter as the bottom of the slide.

Reference List

8

As a group, you must include a slide containing references for any sources of information that that mean cited within the presentation and any images that have been used.

You do not need to present your references but they must be included in your presentation file and displayed at the end of your assessment.
