

Dear Mihaela,

Congratulations on achieving your goals of obtaining a degree and starting your own business, Microblading Xtream! Looking back on all the hard work and dedication you put in, I am proud of the person you have become and the success you have achieved.

Your journey towards your goals started by setting clear objectives for yourself (Locke & Latham, 2019). You recognized the importance of education and sought a degree that would equip you with the necessary knowledge and skills to start your own business (Kang & Im, 2020). With determination and hard work, you graduated with honors, which was a testament to your commitment to excellence (Trowler & Trowler, 2010).

Starting your own business was not an easy feat, and you had to persevere through the challenges that came your way (Duckworth, 2013). You spent countless hours researching, developing a business plan, and studying the industry (Graham et al., 2020). You also sought out mentors who offered guidance and support along the way, and you listened to their advice with an open mind (Feldman & Bolino, 2016).

Your dedication and perseverance paid off, and today, Microblading Xtream is a thriving business that has helped numerous clients feel confident and beautiful. Your attention to detail and personalized services have earned you a loyal customer base (Cottrell, 2020). You never compromised on the quality of your services and always aimed for customer satisfaction (Rust & Oliver, 1994).

Through your journey, you have learned several valuable lessons that will serve you well in the future. One of the most important lessons you learned is the importance of staying true to your values. You have always been passionate about empowering people to feel confident in their own skin, and you have made it a priority to provide personalized services that cater to the unique needs of each client (Koontz & Weihrich, 2010). By staying true to yourself and your values, you have created a brand that people trust and admire (Kleinsasser & Harris, 2018).

Another lesson you learned is the importance of hard work and perseverance. Starting a business is not easy, and it takes a lot of hard work and dedication to succeed (Cardon et al., 2009). You faced numerous challenges along the way, but you never gave up. Instead, you kept pushing forward, always looking for ways to improve and grow your business (Barrick et al., 2013).

You also learned the importance of continuous learning and growth (Dweck, 2006). The beauty industry is constantly evolving, and it is essential to stay up-to-date with the latest trends, techniques, and products (Kuo & Chuang, 2013). You invested in additional training and education, which allowed you to expand your services and provide even more value to your clients (Weerawardena et al., 2015).

Finally, you learned the importance of taking care of yourself (Fredrickson & Joiner, 2018). Starting a business can be all-consuming, and it is easy to get caught up in the day-to-day tasks. However, you made it a priority to take care of your physical, mental, and emotional health. You made time for self-care activities such as exercise, meditation, and spending time with loved ones. By taking care of yourself, you were able to show up fully for your business and your clients (Mihaly, 1990).

Looking back on your journey, it is clear that you have achieved incredible success. You set clear goals for yourself, worked hard, and never gave up. You stayed true to your values, continued to learn and grow, and took care of yourself along the way. As you move forward, remember to always believe in yourself and your abilities. You have proven that you are capable of achieving anything you set your mind to.

I hope you take the time to reflect on all that you have accomplished and celebrate your successes. Remember, you are capable of achieving even greater things in the future. Keep pushing yourself, staying true to your values, and never give up on your dreams.

Congratulations again on your incredible achievements. I am excited to see all the amazing things that you will accomplish in the future.

Sincerely,

Mihaela
