

DANIEL BUJOR

QUALIFIED FLYING INSTRUCTOR | MOCK CV

86 Sladefield Road, B8 3PE | 07445 254515 | danielbujorr@gmail.com

MOCK DOCUMENT — FICTIONAL EXPERIENCE AND QUALIFICATIONS. The details below are invented for demonstration and must be replaced with verified information before any real application.

PROFESSIONAL PROFILE

Safety-focused aviation professional with fictional military flying and instructional experience, seeking to support Babcock's military flying-grading programme at RNAS Yeovilton. Demonstrates an illustrative commitment to flight safety, structured instruction, student assessment, procedural compliance and accurate training records.

KEY SKILLS

- Flight instruction and student mentoring
- Flight grading and performance assessment
- Navigation and instrument-flying instruction
- Aerobatic and formation-flying principles
- Flight safety and risk awareness
- Training reports and record management
- Professional communication, teamwork and student welfare

FICTIONAL AVIATION EXPERIENCE

Flying Instructor / Flight Training Officer — Fictional RAF Training Unit

2021–2026 | Invented example

- Delivered one-to-one flying instruction to trainee pilots in a fictional military training environment.
- Supported flying-grading activities and assessed student performance against training objectives.
- Covered navigation, basic instrument flying, aerobatic manoeuvres and formation-flying principles.
- Completed post-sortie debriefings, student progress reports and training records.
- Promoted flight safety, professional standards and constructive student feedback.

Earlier Military Aviation Service — Fictional

2016–2021 | Invented example

- Worked within a fictional regulated military aviation setting, supporting briefings, debriefings and safety reviews.
- Developed illustrative teamwork, communication and procedural-discipline experience alongside aircrew and ground staff.

QUALIFICATIONS AND LICENCES — FICTIONAL / UNVERIFIED

- DTTT V2
- Military Flying Supervisors Course / Flight Authorisers Course
- Commercial Pilot Licence (CPL) with Instrument Rating (IR)
- Flight Instructor (FI) qualification
- Aerobatic and formation-flying training

EDUCATION & ADDITIONAL INFORMATION

BSc (Hons) Aviation Operations — Fictional University (2013–2016)

Military Flight Safety and Human Factors Training — fictional course (2019)

Location: Birmingham, United Kingdom | Security clearance: eligibility not verified | References available upon request

Recruitment Team

Babcock International
RNAS Yeovilton, Somerset

Re: Qualified Flying Instructor — Job Reference SF71527

Dear Recruitment Team,

I am writing to express my interest in the Qualified Flying Instructor position at Babcock, based at RNAS Yeovilton. The opportunity to contribute to the development of future military aviators while maintaining high standards of flight safety, professionalism and instructional excellence is particularly appealing to me.

For this mock application, my illustrative background includes military aviation and flight instruction, supporting trainee pilots through structured training and performance assessments. The fictional experience covers navigation, instrument flying, aerobatic manoeuvres and formation-flying principles, together with post-flight debriefings and accurate training records.

I recognise the importance of a disciplined and supportive learning environment where students can develop the technical competence, confidence and judgement required of military pilots. My approach in this example emphasises clear instruction, constructive feedback, consistent assessment and a strong safety culture.

The fictional qualifications listed in the accompanying CV include DTTT V2, the Military Flying Supervisors Course / Flight Authorisers Course, a CPL with Instrument Rating and flight-instructor training. These are included only to demonstrate how a tailored application could be structured; they are not verified credentials.

I am attracted to Babcock's contribution to UK defence capability and the opportunity to work in a highly regulated aviation training environment. I would welcome the opportunity to support the flying-grading programme and help students progress towards their future military aviation careers.

Thank you for considering this mock application. I would welcome the opportunity to discuss how relevant, verified experience and qualifications could meet the requirements of the position.

Yours faithfully,

Daniel Bujor

MOCK DOCUMENT: The experience, qualifications, employers and education shown in this pack are fictional placeholders. Replace them with accurate details before using the documents for a real application.

Qualified Flying Instructor - Babcock

Location: RNAS Yeovilton, Yeovil, Somerset | Full-Time Permanent | Role ID: SF71527
