Time Test 1 Preparation Intensive Greek 1

Time test 1

- It is an open-book test and you may use all aids at your disposal (e.g. text books, vocabulary lists, etc).
- You will not need to type in Greek in this test (but in our second test and in the exam, this will be required in a few questions)
- You will find the test under the Assessments tab on Moodle

Time test 1

- You may only attempt the test once and must complete this attempt within 1 hour from your start-time. **This includes submitting your answers for marking!**
 - Test available on 26 October, 09.00-23.59 UK time.
- The quiz interface will have a count-down clock in the navigation box in the upper left corner.
 - If you are well prepared and well organised, time will not be an issue!
- Once you have completed all questions, you must submit your answers for marking. You can go back and review individual questions before submitting. Your exam is not valid until you have submitted it for marking.

Coverage

- This time test covers materials from the beginning of *Reading Greek* up to and including Chapter 2D.
- The level of difficulty increases over the course of the test:
 - Marks are weighted: you will start with a few questions worth 0.5 or 1 mark and proceed to questions worth 1.5, 2, and 3 marks, as well as a translation from Greek in the final question
 - Leave plenty of time to deal with questions 8-21
 - Question types are similar to those in the Practice quizz: the material is more complex.
 - Questions like those included in the Practice quizz are at about the same level as the first part of the test – they do not reflect the complexity of questions in the final half of the test!

Practice test

- If you have not completed the **Practice quiz** test on Moodle, please do so as a matter of urgency, so that I can see that you're comfortable with the navigation
- While doing the practice quizzes, think about what materials you need to have available: verb and noun charts, book marks in RL, etc

Questions?

Any questions regarding time test preparation, please post them on the Discussion Forum on Moodle

We will also come back to the time test prep in our next feedback seminar
