

POP UP OPEN AIR THEATRE

Looking for a venue to match your new production?

In 2003 we premiered a new work about Dylan Thomas - *A Beast, an Angel and a Madman*. A year later a stunning promenade performance of *Under Milk Wood* led to other productions in a setting that rivals the famous clifftop Minack Theatre in Cornwall.

This year we are offering theatre groups and individuals – amateur or professional – large or small – the opportunity to perform at a spectacular location overlooking Swansea Bay in front of audiences up to 100.

Whether it is a new ground breaking production or an old favourite – indoors or outdoors how it is staged is limited only by your imagination.

We'll help with ticket sales and marketing, site logistics and rehearsal space.

Your success is our success

Email us today on hello@clynefarm.com with a brief outline of your project

Available from May to September

All projects will be judged on merit and subject to terms and conditions
