STORI: DYFED TRIONGL

Yn 1977, roedd plant Ysgol Aberllydan yn chwarae tu allan pan wnaethon nhw weld llydan long arian yn hedfan dros y cae. Roedd rhai yn dweud eu bod wedi gweld creadur arian, tal iawn, heb wyneb o gwbl.

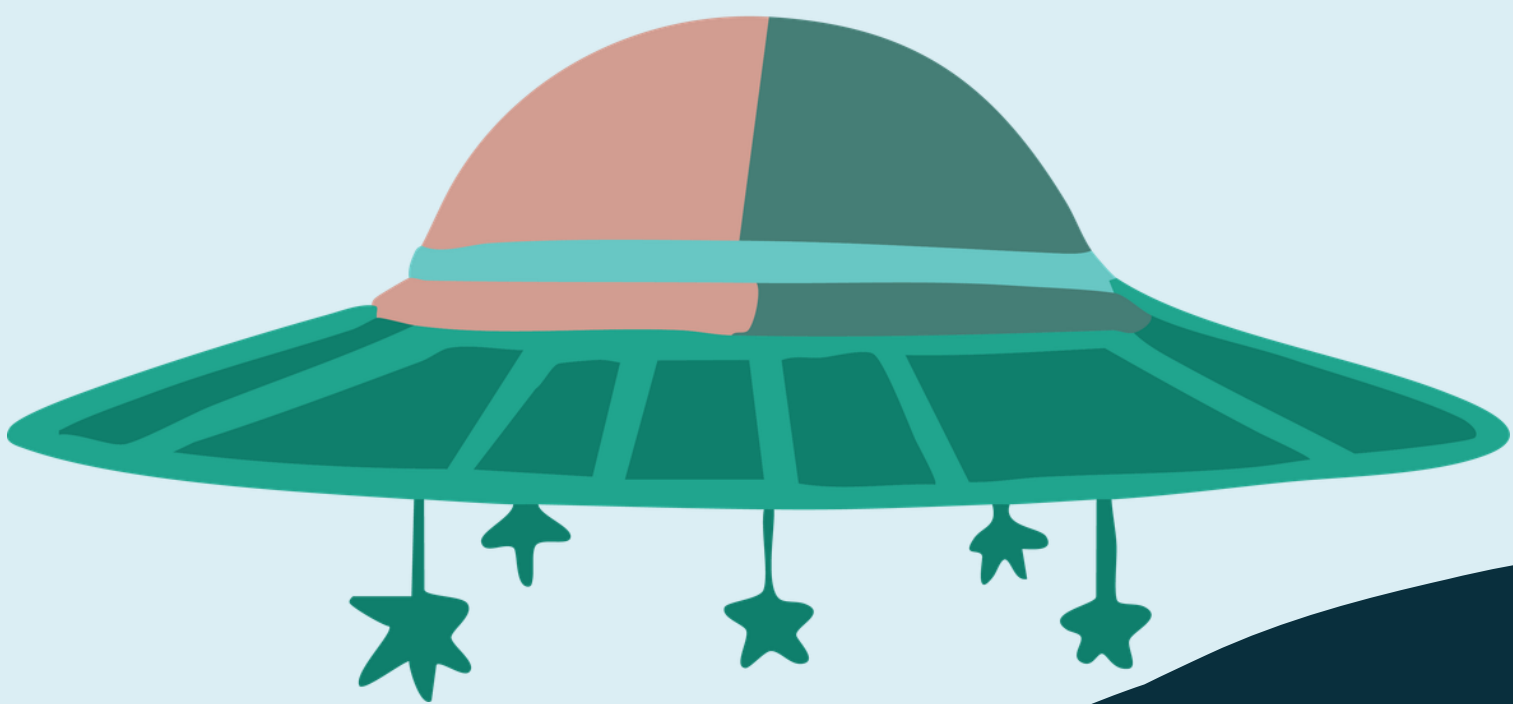

STORI: DYFED TRIONGL

Aeth y plant yn ôl i'r ysgol yn ofnus ac yn gyffrous. Rhannodd y pennaeth nhw i ystafelloedd gwahanol ac roedd pob un yn gorfod darlunio beth welon nhw. Pan welodd y prifathro y lluniau, roedden nhw bron yn union yr un peth — yr un siâp llong ofod, a rhai gyda'r creadur tal. Roedden nhw'n credu'r creaduriaid oedd estroniaid!

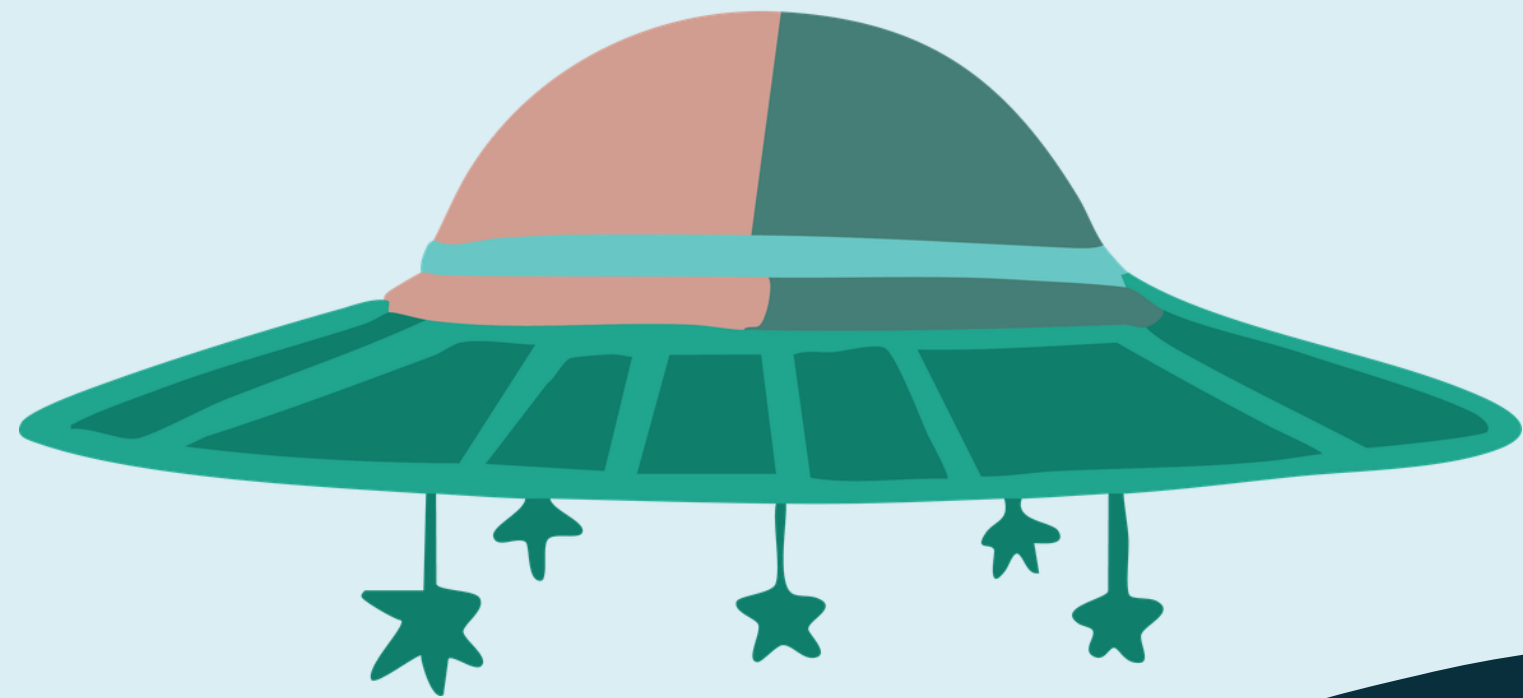

STORI : DYFED TRIONGL

Ar ôl hynny, dechreuodd pobl o gwmpas Bae Sain Ffraid ddweud eu bod nhw hefyd wedi gweld golau rhyfedd, llong hedfan, neu estroniaid arian ger y clogwyni.

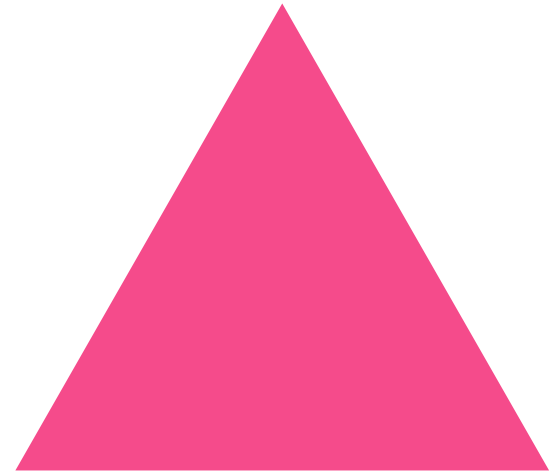

STORI : DYFED TRIONGL

Daeth newyddiadurwyr i'r ysgol dro ar ôl tro, ac erbyn heddiw mae rhaglenni ar y BBC a Netflix yn adrodd y stori. Mae'r pobl o'r pentref yn galw hyn "The Welsh Triangle" neu "Dyfed Triongl".
