We are desing coffee shop website that is website name is Swansea coffee coffee shop so we create our all product in the website and also we are put desing our menu and opening and closing time and uor business name and place and loction everything in our business website so our business website fokus our product and service and quality and we are put our online payment system and for customer fedbak questinnary and also we give our wesite link in the deferent deferent chanal like youtube twiter linkdin facebook and tv chanal and local radio iswell so easy way customer see our business and our product and quality service because now is 21st century everything online so are desing our websit compilately deferent and our product can see any people anywhere .so our website can help our business.

our business product is something deferent because we made our own style and we bay our product is good quality anad fresh and our service is high quality because our team all experience and kind of good qualification each person in the business that is our good advantage and our aim in the business we cach all kind of customer

wesite is very importan for the any kind of business because everything is online and digital compitison maret so easy to advertising our business and get more customer like make any spicel offer or any product you do you can add on you website and other hand you can make your product video you can share in your website and you can make your business blog you can write you business and product and service then people share you post get more sale on the business

we are compile our digital skill and we learn how made website blog and email and questinnory we done our business plan

business website desing and my part is nice picture and desing and idea and writing our product all is my contribution in the website

Read through your work prior to submission to check your grammar, spelling and Syntax. You have for the most part included the required elements, but you needed to go into more detail, and in some areas, more specific.
