Student Personal Health Risk Assessment Form

To protect your health and safety it is imperative that you notify us of any disability or condition that may impact upon health and safety during work placement. If you fail to disclose this it may place you at a disadvantage and impact upon your own health and safety.

The current Government guidance recognises that COVID-19 affects certain groups of people more than others and, when exposed to the virus, puts them at a higher risk of developing serious illness. Thus specific questions relating to your potential risk factors have been included within this form.

This information will be treated in the strictest confidence via your personal tutor.

The collection and processing of personal data is subject to certain legal safeguards specified in the Data Protection Act 2018 (the Act) as amended and the General Data Protection Regulation 2018 (GDPR). The University's Data Protection Policy sets out how we adhere to our legal obligations.
