

Land of Opportunity

The Sir Andrew Saltshire Sports Academy

The Saltshire Town Plan

Saltshire is a community that has been in decline for several years. Unemployment has boomed since the closure of the local salt mine. A government incentive has been launched to breathe new life into the region.

An area of land has been designated as being appropriate for redevelopment. The government has decreed that there should be allocation for homes, industry, a new school and, contentiously, an open prison.

A government plan has been put forward that is universally loathed by the four parties involved in the development of the above, Bensimon Homes, Nestlom, Group Five Securities and the Saltshire Sports Academy. To address this, before development starts the government have given the four groups the opportunity to come to a democratic solution.

Your mission is to negotiate a solution that is deemed acceptable to all parties. You have 30 minutes to conduct an initial negotiation.

General Rules

1. Once the final borders have been agreed parties will not be able to cross one another's land.
2. Every part of the peninsula should be allocated.

The Sir Andrew Saltshire Sports Academy

The Sir Andrew Saltshire School is the proposed new school for Saltshire, which will serve the children of the new housing estate and wider community. It will accommodate pupils from primary age through to Year 12. The new school is named for a local businessperson who has agreed to the role of Chair of Governors and to part-fund facilities at the school. He has a fearsome reputation and, having been forced to sell his salt company to a business rival, now owns the local football team and is looking to further increase his influence in the community. The new school is represented by an acting Head, who appears to be in fear of Sir Andrew and needs to keep in his good books if the job is to become permanent. Government rules means that the school must have the facilities for outdoor play and sports facilities.

- **They prefer the land that has access to the green space for exercise.**
- **They need reasonable access to the existing electricity supplies and close to the housing estate.**
- **They do not want the marsh land area**
- **They do not want to be near the salt refinery for fear this will upset Sir Andrew.**
- **The must not be adjacent to the prison.**

Land of Opportunity

	Woods / Trees
	Green Space
	Marsh
	Unfertile Land
	Mud Flats
	Canyon (Impassable)
	Cliffs (Impassable)
	Fresh Water
	Salt Water
	Flat Land
	Mountains
	Small Road
	Motorway
