Lecturer: Koushik Modak

Facebook it's a social media for many users .
It's used and development recruitment means, of jobs
as a media platform for anyone in the world . as social
media users with many advantages
So my experience at the university of wales trinity
saint david ,
I have achieved a lot by using Facebook and LinkedIn
It's one of the coolest achievements so far know I can
use microsoft excel and PowerPoint . excel was a bit
challenging at first, with its functions and features, but
I tackled it a head-on

Disadvantages

Privacy: Your profile and contact information are visible to anyone on the public platform.

- **Spam: you may receive unsolicited messages from recruiters or other users.**
- **Fake profiles: some users may create fake profiles with false information to access other user's networks.**

LinkedIn and Facebook

LinkedIn can be a powerful tool for recruitment, but it has both advantages and disadvantages: It's allowing you to learn about a Company's brand and what it's like to work there.

- **Connect contacts:** you can stay in touch with your network, including former colleagues, classmates, and managers.
- LinkedIn can help you make new contacts
- You can use your LinkedIn profile to present your professional history, skills and achievements.
- LinkedIn is the world largest professional network on the internet.
- You can use LinkedIn and Facebook to find job you want or use it for internet searching anything connect and strengthen professional Relationships and learn the skills you need to succeed in your career.
- You can also access LinkedIn and Facebook from a mobile app, website etc.

Introduction about LinkedIn and FaceBook

My academic journey:

- Through out of the year 2024 I started my academic journey at the university of wale trinit saint david as a student of which truly I left school long time ago ,until resentry I realized to come back and compelet my degree in business skills. from the firstday ,that's when I realized I was stepping into the world that promising to boost my my life in future business work. I have leant many things .my progress in academic writing, and referencing skills,using the gibbs reflective cycle as my guide.today I will be writing using academic, paragraph,paraphrasing,referencing reflectin and summarising.
- I am reflecting on things have come fored sence day one I was daugting myself at first,but after putting in some afort and hard working I started to see the light.the rigt pass of my future.
- This university has become the game changer for me .the skills to sharewith classments, and ideas. Not only that also making points clearer . Grabs attention to others in class which is good in today's world.I have enjoyed thecreativity involved in designing slides that tells a story and resonates with my audience.plus presenting it infront of clasmates.know I have built my confidence in class and in public speaking avital skill in any business settings. Lookin ahead, iam excited about my goals.Excel program in future it will be mybest friend for budgeting and planning ,while the Powerpoint it will be helping me pictch ideas to ather investors or collaborators in business or companies. Looking into these skills they will help me in future for entrepreneurial dreams.I have also loved connecting with my fellow students during my time here.sharing experiences and soaking in different perspectives from everyone has enhanced my journey. Working in group helped me to do some projects has shown by the lectural. I have maneged leant to intracting with people of deferent backgrounds making discassion which has deepened my understanding of how marketing in the world of today. it's been a period filled with exciting achievements and clear goals that are driving me forward.
- Overall, my time at the university of wales trinity saint david has been a wonderful mix of personal and educational growth .

Conclusion
