In-person Infoskills Sessions

Lecturers can book infoskills sessions for students. These can be either online via Teams or in-person, on campus. Sessions include basic and advanced use of library resources and referencing. Smaller, more informal groups or 1-2-1 sessions can also be booked by students. To make a booking, or if you have any queries relating to searching for information, referencing or using our resources, please contact your Academic Liaison Librarian, **Alison Evans**.

Academic and InfoSkills Online Programme

In addition to our in-person infoskills sessions, we have developed an online tutorial programme, which has been designed to support all students to develop their academic and information literacy skills, independently and at their own pace. Accessible via both Moodle and the library web pages, students can self-enrol and earn completion badges. Check them out! Modules include:

- **Finding and Using Information** (identifying, searching for and evaluating resources, using a range of basic and advanced techniques)
- **Referencing and Plagiarism** (why and how to reference, Referencing Handbooks).
