Overview:

- Where to start
 - Write your 1000 word content in Microsoft word and save.
- Open MS SWAY and create a new 'SWAY' from the 'Start from a document' option. Uploading to SWAY
 - Select your 1000 word preparatory document from your file and 'create' your SWAY document.
 - Give the SWAY an appropriate title – e.g., ECAY67002 Assessment 2 then add your subject title.
 - This will automatically create your SWAY from your Word Document
- Developing Content

- Images – find and save publicly available images (e.g., ‘BING’ or similar have a number of free sources.)
- Content – is best added and checked from your original MS Word file.
- This then leaves the finalising of the SWAY and ‘PLAY’ review to do in MS SWAY programme
- Saving – save to your UWTSD OneDrive student storage or similar
- Submitting as usual use the Draft submission link to check for similarity before submitting to the final submission link.
