

I'm Courtney Bevington and I'm 19 years old. I am from Ebbw Vale. I enjoy socialising and meeting new people. I am currently studying travel and tourism at university to pursue my career within the industry.

Skills and Qualities

- Ability to work well in a team
- Highly motivated
- Organisational skills
- Time management

Interests and Passions

I have always been passionate and curious about the travel and tourism industry since studying level 2 and 3 travel and tourism in college. I am passionate about learning new skills and gaining experiences.

Strengths and Weaknesses

A strength that I have is my strong organisational skills. I also am motivated to complete everything that I start.

My weaknesses include having difficulty staying focused after long periods of time. I easily lose focus if I am not interested in something and find it hard to focus.

My Personality

I would describe myself as an observant and organised individual. I enjoy social events with friends and being able to socialise with others. I am honest, driven, and positive. I believe I work better within a team rather than independently. I am happy to give ideas and hear others' ideas while working in a team. Working within a team motivates me to work harder.
