Social Worker SWOT Analysis

- **Strengths:** Good communication skills, empathic skills, remain calm when working under pressure, high responsibility and attention to details
- **Weaknesses:** Impatient, over-friendly, insistent
- **Opportunities:** Job satisfaction, investigate claims of safeguarding nature, good pay, high demand of social workers, make positive impact.
- **Threats:** Long irregular hours, big work load, continuously learning, risk of empathy fatigue, anxiety.

My Personal Development Plan

- ▶ “Dream big and achieve it while the whole universe conspires for it’s happening” (Coelho, 2006)
 - ▶ Self-developing brings self-confidence
 - ▶ “Start the day with biggest, hardest and most important task and persist till task is complete” (Tracy, 2013, p.10)
 - ▶ Working on weaknesses
 - ▶ Read and study more
 - ▶ Reflect and evaluate
- 

Conclusions

- I need to use my strengths to take advantages of all opportunities this job is offering and in the same time I need to use my strengths to reduce the impact of the threats.
 - I need to learn how to overcome the weaknesses to enjoy the opportunities and to prevent the threats.
 - Job satisfaction, diversity of cases and the ability to make a change in people's lives worth all the external threats that social worker need to face.
