- 1.The place
- 2.Financial support
- 3.Experience
- 4.And the main idea of the menu

- I have all my ideas in place and the skills required I just need to work more on my management skills and financial side of a business.
- Even do everyone think is easy having a restaurant I know from my experience that it require a lot of time and financial investing

- Working in restaurant for 15 years and working in a few different cultural restaurants made me realize that all this is a good experience, but they don't do actually what a restaurant supposed to offer.
- Is a good warm and friendly welcoming.
- A good social connection .
- A good connection between you and the guest.
- Make them feel comfortable.
- Have a good vibe and people will reply the same

- Strength
- Experience
- Weakness
- Financial support
- Opportunity
