

Encouraging Preschoolers

- ask and answer questions to encourage curiosity
- notice and appreciate children's ideas
- Show your own interest and enjoyment
- Take time to discover new things together.
- Create a scrapbook of all their creations.

Parents Influence

- ★ gain attitudes of education through family members.
- ★ Respond positively to their
- ★ curiosity for children to develop the desire to learn
- ★ Children can be successful in other ways - not just academically

Desire to Learn

Each Child

is

Different

- Create opportunities to explore objects, music, textures and bright colours
- be sensitive and ensure safety

Encouraging infants and toddlers

Without these basic skills children ~~may~~ fall behind early.

Those who care

for young children,

they are a vital

role in helping

them develop

these skills +

attitudes

getting children
school ready.
begins in the
first 5 years
of life
