An adventure in confusion begins

Wish me luck. I have no idea what's happening.

Already looking for the exit

Finding the classroom is half the degree

I'M CONFUSED

INTRODUCTION

Hello everyone, my name is Asma, Before this course, I only knew how to send emails on my phone. I had never really used a computer because it felt complicated and impossible. I always avoided it because I thought it was too difficult to learn. I thought computers and I had agreed to stay away from each other!

"THE ASSIGNMENT DRAMA"

I JOINED THIS COURSE WITH
CONFIDENCE... ..UNTIL THE
ASSIGNMENTS ARRIVED.
SUDDENLY I WAS FIGHTING
FOR MY LIFE WITH
POWERPOINT, EXCEL, AND
WORD. I WAS FRUSTRATED,
EMBARRASSED, AND
CONVINCED EVERYONE ELSE
KNEW WHAT THEY WERE
DOING. MEANWHILE, I WAS
GOOGLING: 'HOW TO COPY
AND PASTE.'

☐ ME + COMPUTERS
= Many problems

☐ How do I make this bigger?

☐ Where did my work go?

☐ How do I save my assignment?

☐ Computers and I have a complicated relationship.
