Student name: Andreea Nicola

Student number: 2024348

Module cod: BMSW4001

Module: Academic and Employability Skills

Lecture's name: Joanna Walsh

INTRODUCTION

The main aim for the report is to analyses about the employability skills and knowledge so that could help for developing the various things and also make sure about the various strategies that are required to be well-developed. As employability skills is the most important for having the organization and this could also led to have their self-development.

Employability skills

I would like to develop the skills such as time management, academic writing and public speaker along with the while giving presentation. I have decided for improving skills while for having the marketing job opportunities while through I must be required to developed this skills and knowledge for which I can make the large customer and make the organization to be complete over their target.

Strength

While by having the best skills and those skills help me for developing the great employability skills. In having the better desire about the skills and some knowledge about the market this could also led for better results in future. Marketing jobs play important for the development and also makes sure about the academic writing through I need to write some thing about the products that must be also important for making sure about that skills is being more perfect in future.

Weakness

At time of marketing job I was feeling like that I cannot work for public speaking and giving presentation for which that could be easier for me in making the large customer size and also makes sure about the their needs. This might be also important for having the better communication and making the customer relationship with other people for having their better products and services about the organization.

Opportunities

I have many opportunities while through which that could be easier or me in making the marketing profile better and also try to be more successful. While by having the knowledge and skills related to marketing that could be easier for having organization targeted to be completed and also make the large size of customer.

Threat

In working with organization I have many issues that are related to technology and other things I also have fear of the public speaking while through which I am not able to complete the goals and objective on time. I have also fear about the customer and how to deal with their situation what they are facing and how to overcome with the having stress at work load.

CONCLUSION

From the above report it had been concluded that employee should be more capable for having their better skills along with the having knowledge about to deal in any situation. As being also analysed that managing time should be important through which that could keep the goals and objective to be complete and also make sure about the various strategies that are must be important for employee.
