why you chose the scenario?

I chose this scenario because it is related to studying and has some similarity with what I am currently studying at the moment.

why you chose a particular tool?

I chose to use PowerPoint due to the accessibility to what it provides in using different formats of animations, transitions and presentations appears to be more presentable to and easier for others to follow as a guidance if needed.

and how you developed and improved your work?

I have developed additional knowledge when using new techniques in learning.
