Comments: Q1. You present a plausible answer to the question set, & reveal knowledge & understanding of some relevant concepts & arguments. But there's quite a lot of detail & depth that's missing from your presentation of the reading material. Try to pay closer attention to the detail of the arguments at stake, i.e. try to avoid oversimplifying arguments and concepts. Q2. This answer contains quite a few inaccuracies & misunderstandings that could be avoided by a closer reading of the course materials, together with consolidation reading.
