

Theresa Darzins, Department of Applied Computing, UWTSU, Swansea

Developed Website Guide for Apartment Leaseholders to Enfranchise – G.A.L.E. After system usability testing developed front-end wireframes of an App for users to log in to communicate with others to collaborate to buy their freeholds.

To develop a website to provide an online guide for leaseholders to gain enfranchisement.

1. To design and build a useful website to show path to enfranchisement and make it as user-friendly as possible.
2. To test website fulfils requirements.
3. To conduct user survey to narrow down essential information for future conversion of website into an App, tailored to specific users to log on to track own estate/building enfranchisement progress.
