Respondent	Response
	This module was fantastic. I was expecting to hate it as I had not done research before and I am an introvert and did not like the idea of interviews. I was wonderfully surprised and this turned out to be the best module I have ever done. Bernadette is passionate and it help you want to succeed.
	It was an enjoyable and challenging module. I deeply appreciate the support from tutors. I learnt a lot in this module, the structure of the research helped me to organize my ideas and thoughts and, therefore, I understood more clearly the academic approach. I feel very grateful, Many Thanks!
	Some informations from the professors were paradoxal, and on line internet (link) resources seem to be not identical in every country.
	An excellent module indeed. It was amazing how in such a short period of time, I learnt so much. I've seen that I truly learn when I start to do the essays, going back to the recordings, to my notes of the seminars, to the sources. All that is taught is extremely useful and in the perfect measure. Tips given for fieldwork were great and very useful, which gave me confidence to engage with the participants of the research.
	Go on like that, you all do a great job!
