Tax accountant's job descriptions

- ❖ The new career I chose
- ❖ Types of accounting
- ❖ Responsibilities a tax accountant
- ❖ Necessary knowledge and skills

Tax Accountants deal with why individuals and companies need to pay taxes and for what. They are familiar with tax laws and complete all the necessary forms demanded by Her Majesty's Revenue and Customs (HMRC). They work with private individuals who hire them to find ways to pay fewer taxes. This job is great for those who like problem-solving.(Brentyn,2018)

Average Tax Accountant in United Kingdom is **£44,660** per year.(PayScale,2021)

Summary

I choose a career as a tax accountant since it is in high demand in the job market. It is now a well-known and well-paid profession.

I have the necessary skills to work in the field of taxation and intend to improve these qualities in order to obtain a successful job.

I want to use all my opportunities to get a profession, especially to study and get a diploma in accounting education.
