SOCIAL WORKER

ABOUT ME!

Social worker is a career path that I have chosen as it comes to my interest. A social worker is someone who works with people to find solutions to their problems, which involves protecting vulnerable people from harm, abuse or supporting people to live independently. This job role is to help improve outcomes in people lives. Currently, I am studying Health and Social Care at University of wales Trinity Saint David and my aim is to succeed in this course and develop my understanding more within this field for becoming a social worker.

STUDYING

EXPERIENCE!

Rayner Care Home Work experience (2018) : This work experience was mainly based with elderly people and providing them with care and support, making sure they are happy with the service they are getting. My tasks during the day were mainly to accompany them and making them feel happy and wanted.

Little Steps Nursery - Work experience (2017 - 2018) : In this experience I learnt how to interact with different age groups and learn how to develop an understanding with them, my communication skills were used and I created a good bond with all of the children whilst my time there.
