Module Name	NOSS - WS4
Marked By	Nitheesh Murugan

Engagement with Literature Skills	15
Feedback	Marks
Referred to Books and Online sources. Could have referred to more academic credible literatures and Industry Whitepapers. Could have added references to practical task. Summaries on the literatures and more critical appraisals could have been done. Referring to literature and summarizing are not copy pasting from the source. It is to understand what the literature is stating and discuss your understanding based on your work done.	5.4

Knowledge and Understanding Skills	20
Feedback	Mark
Hypervisors, Cloud Computing and DNS discussed. However most of the contents are plagiarised from Internet sources. Observational tasks are to reflect your understanding on the concepts. Could have used own illustrations/ diagrams to explain the concept and evidentialize by citing them to literatures. Terminologies like Firewalls, ICMP, OOBIE are discussed well. However, more elaborate discussions could have added value to the work. Evidences on statements were not adequate. Could have added chapters/ topics with numbers to follow up.	10.8

Cognitive and Intellectual Skills	20
Feedback	Mark
Justification of practical tasks stated. Reflection on the task done. Screenshots are valid and adequate. Analysis of the outcome partially done.	13.2

Practical Application Skills	40
Feedback	Mark
Practical Tasks executed appropriately. Screenshots and descriptions were adequate. Not all the screenshots in setting up DC was documented. Screenshots on successful logon after adding the client to domain was not documented.	38.5

Transferable Skills for Life and Professional Practice	5
Feedback	Mark
The flow of the report is ok. Could have added Definitions/ Abbreviations of Technical Terms used.	3.2
Overall Mark	71
